Heavy Metals Waste Eyed With Concern

by CHRIS SPECIET

The Antioch Village Board discussed their proposed sewer ordinance at their bi-monthly meeting on Jan. 20.

Mark Harasti, the operator of Antioch's water treatment plant, addressed the board concerning the ordinance. Also on hand were several owners of Antioch factories including Jim Ogura and Eric Whitten of Regal China, Eben Morgan of Pickard China, and Cathy Galdine of Galdine Electric.

According to Harasti, when the water

treatment plant was tested last April, 28,000 pounds of heavy metals were found in 200,000 gallons of sewage processed. Harasti said that removing the heavy metals cost the village an extra \$7000. Under the proposed ordinance area industry would pay for any damage done to the sewage system caused by heavy metals.

Some of the owners of local factories were concerned because the ordinance proposed limits on heavy metals that were, in many cases, more stringent than those imposed by the Environmental Protection Agency.

"I've spent over \$200,000 meeting the EPA standards," said Cathy Galdine, "now I have to meet these standards."

Harasti still maintained that the strict requirements were necessary in order to protect the village's sewage system. "You can design the nicest treatment plant in the world, but it won't work if you feed it a lot of junk," explained Harasti.

Other factory owners were concerned that the ordinance would not allow for industrial expansion. Harasti said that the proposed limits were designed with a base figure of one million gallons a day in mind. The village now processes 750,000 gallons of sewage per day leaving room for a 25 percent expansion in industry.

The board finally decided to table the discussion until its Feb. 10 meeting when the 36 page ordinance could be read verbatim. Harasti recommended that the board pass the ordinance by April.

New Rescue Squad Officers

The new officers of the Antioch Rescue Squad have been named for 1986. From left are Secretary Joe Bedame, First Lt. Wayne Sobczak, President Dave Lang, Chief Dave Heath, Treasurer Sid Parker, and Second Lt. Mike Wolling. Not shown are Jerry Popp and Dave Horton, the Antioch Rescue Squad's newest certified paramedics. The Antioch Rescue Squad now has 16 certified paramedics.

Chamber To Hold Dinner Jan. 25

The Antioch Chamber of Commerce will hold their annual dinner at the Harbor Ridge Country Club, on Jan. 25. There will be cocktails at 6:30 p.m. with dinner being served at 7:30.

Mike Warren, the chairman of the Redevelopment Committee will present a short slide presentation at 7:15. The presentation will be made in order to bring members up to date on what the committee has done in the past six months. Topics will include new business, new industry, and progress made on the Antioch Commons

Area. There will be a short question and answer session after the presentation.

"We want this to be a night of fun and entertainment so we won't get into any heavy discussions," said Warren. There will be music provided by a D.J. beginning at 9 p.m.

All Chamber of Commerce members are invited to attend and bring a guest. Those who have started new businesses in Antioch are welcome. The dinner costs \$13 per person and checks should be made payable to the Antioch Chamber of Commerce.

Arson Suspect Arrested

Antioch Police have arrested and charged with arson Robert L. Gonigam, 19, of 342 Depot St. The charges stem from a fire which occurred at 9:06 a.m. on Jan. 17 at the same address.

The Antioch Fire Department responded to the call after a resident of 342 Depot, the second floor apartment of the building, reported that her apartment was filling with smoke. When the fire department arrived they determined that the fire was in the first floor apartment of the building. Gonigam was not present at the time but was later located and taken in for questioning by the Antioch Police.

Investigators with the Antioch Fire Department later determined that the fire originated in the living room of the apart-

ment. Lt. Thomas Fisher of the Antioch Police Department, said that some sort of flammable liquid was used to start the blaze. The evidence is now at the Maywood Crime Lab where it can be determined exactly what kind of flammable material was used.

To Attend U. Of I.

Sgt. Charles Rockton of the Antioch Police Department will receive special training in Police Supervision at University of Illinois in Champaign from Jan. 20-31.

The course will help Rockton with the supervisory work he does for the department.

Crime Stoppers Will Perform Double Duty

Crime Stoppers will be performing double duty throughout the Lake County area. Their (312) 662-2222 phone will also serve as an "Arson Hotline."

The Lake County Fire Chiefs Assn. and the Lake County Fire Inspectors Assn., representing approximately 29 fire-fighting agencies in Lake County have endorsed the county wide "Arson Hotline" campaign.

Funds donated by the Lake County Fire Inspectors Assn. have been used to print "Arson Hotline" signs to be posted throughout the county.

Several months ago, Capt.

Komers and fire-fighter Henby, Gurnee Fire Dept., requested to use Crime Stoppers' phone number on a local basis to fight arson. In response, the civilian Crime Stoppers Board of Directors not only gave authorization but actively sought support for expanding the "Arson Hotline" idea county wide.

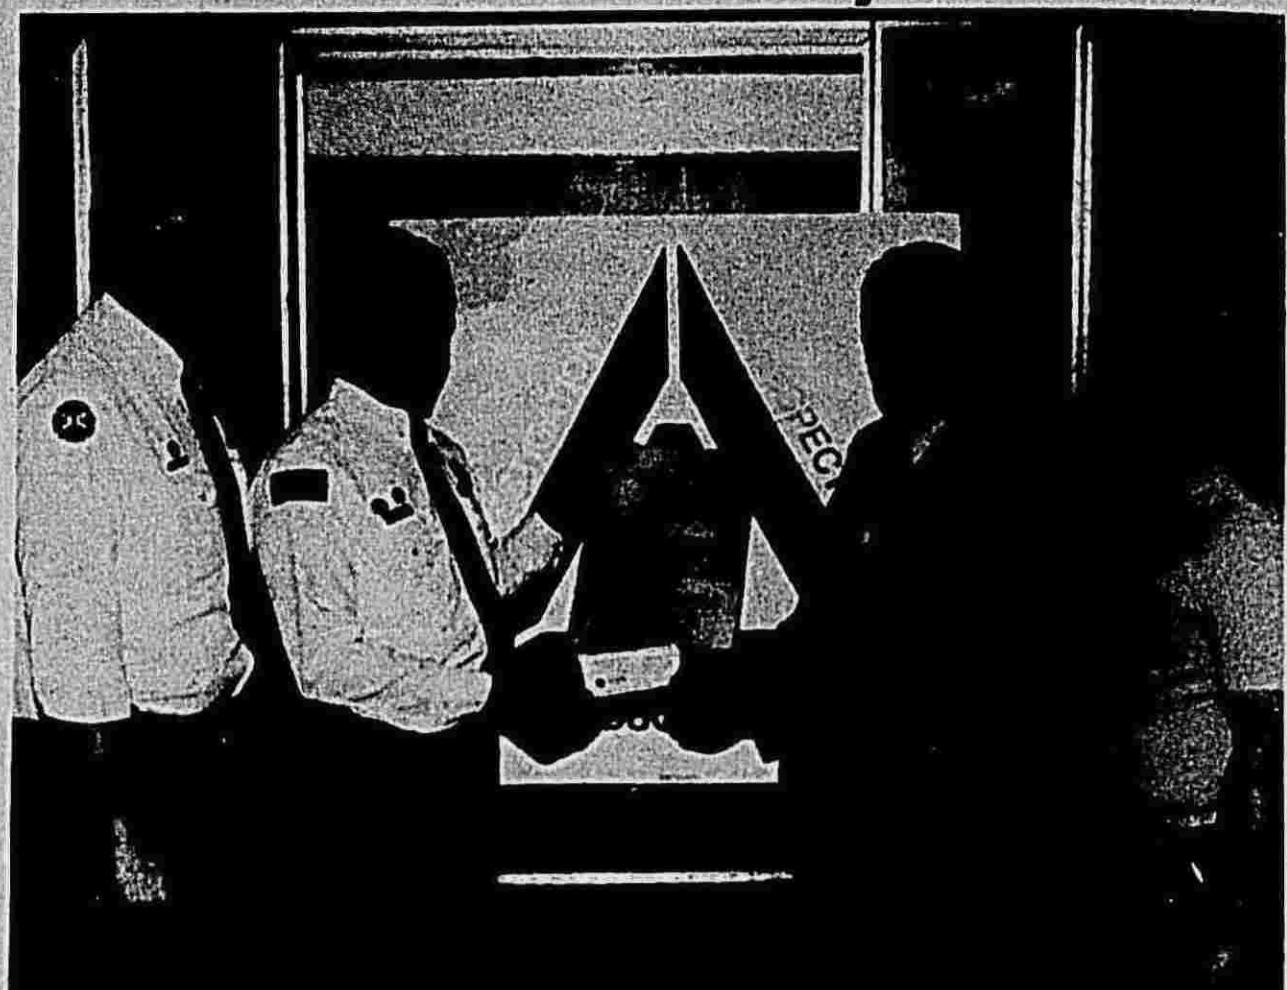

Individual fire departments such as Gurnee, North Chicago and Zion have already initiated the "Arson Hotline." In Waukegan, the concept has been operational for over two years, according to Lt. Randy Copenharve, Fire

Prevention Bureau.

With the endorsement from the Lake County Fire Chiefs Assn. and the Lake County Fire Inspectors Assn., the "Arson Hotline" can now be implemented throughout the area of Lake County. By calling (312) 662-2222, Crime Stoppers provides an easy means for citizens to give information about suspects responsible for the intentional ignition of a fire for illegal purposes.

As to felony cases solved, the Crime Stoppers program is currently ranked in the top 10 nation-wide. Credit for obtaining this record performance is attributed to three major community resource groups in Lake County: the media, the law enforcement agencies and the citizens.

Remember, Crime Stoppers' callers can remain anonymous and can receive a reward for information leading to the arrest and indictment of felony offenders or fugitives.

Crime Stoppers

Mike Holiday (second from right), executive director of Crime Stoppers, receives a \$165 check for "Stop Arson" signs. The check was presented by Lake County Fire Inspectors Assn., being represented by (left to right) Inspector Michael J. Lawrence of Mundelein Fire Dept., Lt. Larry Simonis of Country Side Fire Dept. in Vernon Hills, and Deputy Chief Rocco Pelletiere of the Round Lake Fire Dept.

Turnover Problem Cited In Office

Wauconda Village Clerk Venita L. McConnel has gathered another endorsement from a precinct committeeman in her bid for the Republican nomination for Lake County Clerk in the March 18 primary.

Republican committeeman Chloe Ann Brown of Lake Forest has declared her support for McConnel's candidacy.

Brown asserted: "The office of Lake County Clerk should be run as a business with the person at the helm being one with experience. The massive turnover in the County Clerk's office during the past three years is a major example of what happens when the person at the helm is not knowledgeable in office management. Rather than having this office administered in a political fashion, we have a definite need for a county clerk with managerial experience."

Committeeman Brown continued: "We have that

person! Her name is Venita L. McConnel, Village Clerk of Wauconda and a former business woman. Venita is a well-respected Republican throughout Lake County and one who is seeking the office of county clerk because she can handle the job. She would never be a "figure head" type of administrator. She is a lady who knows what she is doing. Why settle for less when we can have an administrator who can run that office for the public, and the employees of the county clerk in a fashion that can be a pride to all the people of Lake County."

Brown is a precinct committeeman in West Deerfield Township. Presently, she is serving on the Board of Directors for the Countywide Assn. of the Handicapped. She is past National President of Clipped Wings United Airline Stewardesses Assn. Brown is also active in Lake Forest Academy.

Eckholm Happy With Saint Ignatius

During the Reverend Vincent Eckholm's 18 years as a priest he has had parish experience in both the urban environment of Chicago and the rural environment of Shenandoah, Iowa, now he is the Rector of the St. Ignatius Episcopal Church in Antioch, a parish far removed from Chicago yet close enough for an occasional visit.

"A lot of people have asked me if it was difficult to adjust to Antioch after living in Chicago," said Father Eckholm "but I did do parish work in Iowa, so it was not that big of an adjustment to make. I guess you could say that I'm very flexible, I enjoy people no matter where they are."

Although Father Eckholm misses somethings in Chicago, such as the symphony or the opera, he says Antioch is not so far away as to rule out the occasional visit to Chicago.

"People pick up their habits from their environment," said Father Eckholm. "In Chicago people get used to doing a lot of driving around. When I tell people here that I'm going to Chicago for the afternoon, they sometimes look at me as if I will need a passport, but it really isn't that far."

Although Father Eckholm has been the full time priest of St. Ignatius for only a few weeks, he worked there on a partime basis as

the interim priest for a year before he took the job on a permanent basis.

"I tried to accomplish things that I thought the new priest would want done, not knowing that it would be me," said Father Eckholm.

Now that Father Eckholm is here full time he has taken steps to become part of the community and increase his visibility. He has become involved with the Rotary club and on some mornings he likes to make the rounds to all of the local businesses and introduce himself.

"I want to become involved in the community and not just stay in my own little corner of it," explained Father Eckholm. Father Eckholm was very positive about St. Ignatius and had nothing but high praise for its members.

"The people here are very responsive, very upbeat and very positive. This is a church that believes in itself. They believe in their skills and the leadership that God has given them."

Father Eckholm said that the best part of his job was being able to share in other peoples lives. "The advantage of being a priest," said Father Eckholm, "is not what you achieve, but the honor you feel in being chosen to be with people at critical times of their lives."

ACHS Board Oks Changes

The big news at the last regular meeting of the Antioch High School Board of Education on Jan. 16 was a change in school curriculum announced by board member, Tom Fisher.

The board approved changes for the 1986-87 school year that included a new physical education exemption policy as required by Senate Bill 730; the addition of a physical management unit, a bowling unit and a golf unit in the junior and senior physical education curriculum.

Next year, the one-semester introduction to social studies course will no longer be required as it has been put on the elective list at the sophomore, junior level. There will be an accounting 2 and an applied math course added to the curriculum and the computer programming 2 course has been put back into the available classes list. The honors program was also extended to include algebra 2.

Sequoit football coach, Steve Wapon and members of the Antioch grid team, Matt Humphreys, James Zoephel, along with Diana Ernst and Jeri Gutowski presented the board with a ceremonial plaque commemorating the 1985 football season.

After board approval, it was announced that Carlene Lois and Jamie Abramson will be replacing Rosemary Collard who is on maternity leave for the second semester.

May 15 will be the deadline for all school debts to be paid in order for students to be allowed to participate in graduation.

Director of pupil personnel, Pete Pekkarinen, said that a health-makeup class is scheduled to be held on Monday, starting on Feb. 3.

The annual recognition by the state board was given to Supt. Gary Allen by the Illinois Board of Education.

Figure Skating Fun For The Whole Family

Figure skating is an activity that can be enjoyed by all ages. From the youngest toddlers to senior citizens, age is no factor in determining skating skill. Some Antioch residents are living proof of this. There is Liana Rothermel who is a champion skater at the age of five and the Gordons, a family with three generations of skaters.

Liana, the daughter of Robert and Marsha Rothermel of Antioch, began taking lessons in Zion at the age of 2. She began with the Tots Beginner Course and quickly progressed through the Tot I, Tot II, Tot III, Alpha, Beta, Gamma, Delta, and Freestyle I levels.

Liana, who attends kindergarten at Emmons School, has already accumulated 14

trophies and 3 medals. Since last September, she has skated in four competitions including events held in Dundee; where she won two second place awards, Skokie; where she won a first place and second place award, Zion; where she won a first place and two second place awards, and Northbrook; where she won two first place and one second place award.

Liana is now preparing for the Ice Skating Institute of America Winter Games, a national event to be held Highland Park and Wilmette.

Liana is coached by Mimi Humer and practices about ten hours every week. She also finds time for dance, tumbling, swimming, and playing the violin.

Three Generations Of Skaters

Six Apply For Emmons Seat

The Emmons School Board went into closed session after their regular monthly meeting on Jan. 13 to discuss the appointment of a new member to the board that will fill the seat vacated by Richard Becker who resigned on Dec. 31.

At the end of the closed session the board concluded that a special meeting will be held Jan. 27 at 7:30 p.m. at Emmons School for the purpose of interviewing the six applicants for the position. The board intends to make a decision at the end of the meeting. Those who have applied for the position are; Kary Cybul, Jim Daigaard, Jim Koppa, Bob Malson, Pam Pierson, and John Wolf.

Other business taken up by the board included the review of the district's insurance by the district's agent, Mark Giese of Country Companies. Giese reviewed the trans-

sportation coverage for the district. The district is on the second year of their three year insurance cycle and they are hoping to have a minimal increase in premiums next year.

The board then discussed reorganization and consolidation in preparation for the Mar. 10 hearing that will be held on this subject by the regional school board. The Emmons board decided to begin research on the quality of education in the district in order to compare it to what that quality would be under consolidation at the hearing.

The board also reviewed and decided against a full day kindergarten program for the district. The board cited minimal state reimbursement and the fact that 90 percent of the districts expenses are funded through local taxes as grounds for their decision.

Figure Skating Fun For The Whole Family

For the Gordons, skating is a family affair, Lynne Gordon, 38, has been skating since the age of three but had never taken lessons eight years ago. Her two daughters Dee Dee, 18, and Sheryl, 13, also started skating as three-year-olds before taking lessons in Zion.

Dee Dee, a freshman at the College of Lake County, won two second place awards in Zion last December.

Sheryl, who attends Newport Grade School, won two second place awards at a national competition last August. In Skokie last November, she won two second place and one first place award, and in Zion last December she won two second place and one first place award. At a special competition in

Madison last November she placed second at the Figure 4 level.

Lynne has been competing since 1983 when she started at the Freestyle 3 level. Last August she competed at the Freestyle 5 level at the I.S.I.A. national championship in Detroit where she won two first place awards. Last November at Skokie she won two second place and one first place award, and at Zion last December, she won three second awards.

Lynne's parents, Arthur, 62, and Evelyn, 57, Rasmussen of Wildwood, also skate. They are now taking lessons along with their daughter and granddaughters. The three generations of figure skaters in the Gordon family prove that age makes no difference in competitive skating.

Antioch's Youngest Figure Skater

Liana Rothermel, 5, practices a spiral for one of her figure skating routines. Liana's other interests include dance, tumbling, swimming, and playing the violin.

AIDS Tape Is Available

To help people understand AIDS (Acquired Immune Deficiency Syndrome), the Health-Line Library maintained by Condell Memorial Hospital, has added a new tape on the subject to its extensive collection.

The tape relates the history of AIDS in this country and describes the body's system of defense against infection so that the listener can better understand this disease. The listener will also learn how AIDS is trans-

mitted and how an individual can tell if he or she has the disease. Prevention methods are explained and encouraged.

To hear the tape-recorded message (two tapes are available) on AIDS, call (312) 680-1700 and request Tape Number CL-571. Ten Health-Line telephone lines are staffed from 9 a.m. to 7 p.m., Monday through Friday by hospital volunteers.

Stagman Seeks Trained Dept.

by DEVON NELSON

Sander Stagman, a Democratic candidate for the Lake County Sheriff's office, says that one of his first efforts as sheriff will be to reshape the thinking process in the sheriffs department.

Stagman, speaking at a press conference on Jan. 20 in the Lake County Building in Waukegan said that "the days of the 'Dukes of Hazard' in the Lake County Sheriff's department are over."

"The sheriff's department must have highly trained, highly qualified and highly reliable people. There's no room for someone in the sheriffs office just because he's someone's uncle."

"I am not a reformist," said Stagman. "What I'll do is take the best parts of the sheriff's department and cut out parts that are detrimental to the department and introduce new parts that will make the sheriff's department a more rounded office."

Stagman said a major goal of his as sheriff will be to concentrate on crime prevention.

"Crime prevention is more than just a good stake out," said Stagman. "It is being able to stop a crime before a person commits it."

He said his crime preven-

tion efforts will be accomplished by a new department which he titles the Community Activist Division.

"If we can cut crime down by 10 to 15 percent, we will effect a large percentage of injury being done to people."

He said he will be relying on support and help from community groups and families.

Stagman, who will run against sheriff Micky Babcox in the Nov. election, says that he will be the victor in the upcoming sheriff's race.

My training is far superior to Babcox at his best," said Stagman. "My training is better than that of anyone who has run for the office."

He said that there is a misconception by some people that the Republican party dominates in Lake County.

"This is not true," asserts Stagman. "There is a group of individuals who think they control the county, but Lake County residents are people who weigh objectives and make decisions."

He states that throughout his campaign he will run a good clean race.

"I won't stoop to innuendos. I don't believe in name-calling and I'm not going to use innuendos."

Marriott Rehearses 'Camelot' 'Song' Set For PM & L

Marriott's Lincolnshire Theatre presents the legendary romantic musical "Camelot" as the first production of its 1986 subscription season, which also includes the Chicago premiere of the musical "Baby"; the international hit "Evita"; and Rodgers and Hammerstein's "The King and I".

"Camelot," directed by Marriott artistic director Dyanne Earley, opens on Wednesday, Jan. 29 and continues through April 13. Preview performances are Jan. 22-26.

"Camelot" has usually been staged in a "fairy tale" time period, but director Earley has placed the story of King Arthur, Guenevere and Lancelot closer to its early medieval origins, allowing the legend of Arthur's contribution to

civilization to co-exist with the famous story of intrigue and love.

Produced by Kary M. Walker, this new "Camelot" features George Lee Andrews as King Arthur; Marti Morris as Guenevere; Robert Frisch as Lancelot; and Larry McCauley as Merlin/King Pellinore.

Andrews, a veteran of many Broadway shows, including "On The Twentieth Century" and "A Little Night Music," is perhaps best known for his performance on stage and on the original cast album of the Maltby and Shire show "Starting Here, Starting Now." Morris' most recent New York appearance was in the concert version of Stephen Sondheim's "folly" at Lincoln Center. Frisch appeared as Juan Peron on Broadway in

"Evita" and "the denist" in the Off-Broadway production of "Little Shop Of Horrors".

Marriott's Lincolnshire Theatre, located on Rte. 21/Milwaukee Ave. in Lincolnshire, will play "Camelot" on Wednesdays at 2 and 8:30; Thursdays (including a free steak dinner) at 8:30 p.m.; Fridays at 8:30 p.m.; Saturdays at 6 and 9:30 p.m. and Sundays at 3 and 7:30 p.m. Reservations are with a major credit card by calling the box office at (312) 634-0200.

Anyone looking for a bright and witty evening of laughs and great musical entertainment, will find that P.M. & L. Theatre, 877 Main St. in Antioch, has the answer.

They'll be playing everybody's song with the fantastic Tony Award winning musical "They're Playing Our Song."

This recent hit show combines the talents of Neil Simon and Marvin Hamlisch. The current local production, which opens Feb. 7 and runs for three

weekends, is being directed by Mark Badke.

He has chosen the following talented people to bring this modern musical to life: Peter Thelen as Vernon and Donna Badke as Sonja.

Members of the alter-ego chorus are: Brendon Hannigan, Murray Holmstrom, Hill Cavage, Dennis Tracy, Roslyn Trusky and Jeanette Ray.

Dinner-theatre packages are available with: The Village Pub, (312) 395-3373, Struggle's (312) 395-9400 and

Lake County Boasts Only Female 'Elvis'

One of the only female "Elvis" impersonators in the Chicagoland area - perhaps in the country - lives in Lake County. Linda Jones of Gurnee has been lip-syncing Elvis Presley songs professionally for the past four years.

Jones, known professionally as Stoney, performs a full range of selections from Elvis' Las Vegas reviews. Ac-

companied by her band, the "Panamystics," Stoney brings alive such favorites as "C.C. Ryder," "Suspicious Minds," and "American Trilogy."

"People say my show is one of the most realistic portrayals of Elvis they've ever seen. Not only do I physically look like Elvis on stage, but I've been a fan of his as long as I can remember," Stoney ex-

plains.

Each show is customized for the audience and can last anywhere from one-half hour to two hours or more. In longer shows, Stoney makes four outstanding costume changes into such outfits as a white jumpsuit with a red cape and a black rhinestone studded jumpsuit. All of the hand-made outfits are exact reproductions of Elvis' wardrobe. Stoney's belts are handmade by the same man that made Elvis' belts for over 10 years.

The show features elaborate choreography. "I practice at least an hour or two each day. By studying Elvis' work closely, I've been able to recreate many of his stage movements that incorporate his love of karate."

Stoney and the Panamystics have appeared professionally in clubs in Lake County as well as Kenosha, Appleton, Milwaukee, Wisconsin, plus Columbus, Georgia.

Adler Fetes Valentines

Fashion a hand-woven Valentine basket on Saturday, Feb. 8 at The David Adler Cultural Center. The workshop is an offering in a continuing series presented by Debra Gust, a talented craftsperson whose work is available through local galleries.

Gust will instruct participants in methods of

weaving and embellishment. Hours for the workshop are 10 a.m. to 4 p.m. Advance registration is required. Fee is \$25, materials included. Please bring a garden clipper.

The center is located at 1700 N. Milwaukee Ave., Libertyville. Call (312) 367-0707 for information and registration.

Square Dancing

"The Paddock Lake Squares will dance on Thursday, Jan. 23 at Central High School located on Hwy. 50 in Paddock Lake. Dancing will be from 8 until 10:30 p.m. Harry Lind of Racine will be calling the squares. Refreshments will be served. All square dancers are invited."

Crowds Of Kids Tryout

Tryouts for "The Pied Piper," drew crowds of children from all over Lake County, from Highland Park to Antioch. The musical is slated to be performed on Valentine's weekend at the Genesee Theater, Waukegan. The curtain will rise at 3 p.m. on Saturday, Feb. 15. Adults tickets are \$4, \$2.50 for students and seniors. For information call (312) 336-0428.

Hospital Backer Rips Accreditors

Rejection by a state accrediting agency of plans for construction of a tertiary care, teaching hospital in Lake County resulted in a blistering attack by the chairman of the Citizens Committee for the Chicago Medical School Hospital.

Appearing Monday, Jan. 20, before the health committee of the Lake County Board, Robert Byrne charged that the Kane-Lake-McHenry Health Services Agency's defunding of the Chicago Med-Humana Inc., proposal, smacks of "conflict of interest" and is a restraint of trade along with being a violation of civil rights.

Byrne, who is a member of KLMHSA, lashed out at the agency and the process by which proposed hospitals are approved after the Illinois Health Facilities Planning Board (HFPB) rejected Humana's proposal to construct the 224-bed tertiary care facility in North Chicago. The \$49 million project would have served the northeast part of Illinois

with such specialized care as physical rehabilitation, open-heart surgery and care for seriously ill newborn infants.

Projection of the hospital, which would have teaching facilities for Chicago Medical School, was seen as a reflection of the opposition of existing area hospitals.

Byrne told the County Board committee that KLMHSA, which provides input for the Certificate of Need (CON) process, does the opposite. "Cost containment and truly serving the people they represent seems to be last on the agenda," declared Byrne, who also is president of the North Chicago Chamber of Commerce.

Byrne said that those who acted against the Chicago Medical School Hospital "may well be guilty of violating Sec. 1983 of the Civil Rights Act."

In heated tones, Byrne requested that County Board Rep. Stanley Pekol, health committee chairman, seek an immediate

opinion from State's Atty. Fred Foreman on the three alleged violations by KLMHSA.

"Are we to be denied a tertiary care facility because certain hospital administrators failed to see the changing medical trends and they now find it difficult to exist with a schedule of payments instead of the old cost-plus situation?" Byrne asked.

Byrne suggested that the real reasons for not wanting the Chicago Medical School Hospital lay more in the area of professional and economic jealousy.

"I can assure you that those concerned with the economic interests think that the actions of KLMHSA and the Illinois Health Facilities Planning Board go beyond the theater of the absurd. Their actions are in direct conflict with the best economic interests of the state," Byrne asserted.

Byrne told county political leaders that the Chicago HSA estimated that \$12 million in hospital revenues would be diverted to the

proposed Lake County facility.

"Are we to allow Chicago hospital administrators greed to cost Lake County lives?"; Byrne asked sarcastically.

The Citizens Committee chairman also suggested that area hospital leaders meet with University of Health Sciences/Chicago Medical School to work out arrangements for working together in the best interests of Lake County residents.

One of the things HFPB took into consideration was the insistence of area hospitals that there is an over-abundance of hospital beds in Lake and McHenry counties.

Mark Mayo, HSA director of project review, said the agency felt Humana could not support a claim that it would maintain an 85 percent occupancy rate.

Mayo added that Humana can file an administrative appeal with the state board or appeal through the courts if they are turned down again.

Amazing! True Facts Of Science!

By Will Lonergan & Matthew Poliakon

Winters Past?

Were the winters of long ago as severe as some old people remember?

Fact:

The weather patterns of the Earth do change with time.

Fact:

Climatologists are studying the long term changes of the Earth's weather.

Who of us can not recall a particularly severe winter? We may also have heard "old timers" relate a tale of a long past terrible winter that outdid any that we "new timers" can remember. We might be quick to discount such stories as the exaggerations of an aging memory, and not meteorology, but for climatologists, those scientists trained to study the great and general changes of the Earth's weather system, the history of those past "terrible winters" is a subject of great importance. Climatologists can now add some facts to back up those claims. During the 1880's, there were indeed many

recorded severe winters. In the year 1883 a great volcanic explosion took place in the far-flung islands of Sumatra. The island volcano known as Krakatoa exploded with the most tremendous explosion ever recorded. That eruption dwarfed even the Mt. St. Helen's eruption of our own time. As a result of the explosion of the island of Krakatoa, dust and debris were sent into the upper part of the Earth's atmosphere. This may have altered the climate for almost 10 years during the last part of the 19th century. So when an old timer tells you of the terrible winter they remember as a child, don't be so quick to laugh. They now have science to back them up.

Slate Special Meeting

A special meeting of the Board of Education of Grayslake Elementary School District 46 will be held on Wednesday, Feb. 5, 7 p.m. in the Media Center, Grayslake Jr. High School, 440 N. Barron Blvd., Grayslake.

The purpose of this meeting is to start dialogue on the priority lists established for possible reinstatement of programs, as well as any other business that may come before the Board.

Club Starts

Interested in horticulture gardening or photography? Then perhaps a new area club may be just what you need.

Grayslake resident Larry Fandei said he is organizing a Horticulture Club and the club's first meeting is Jan. 23 at the Lake County Extension Office.

Fandei said he has field trips planned for club members. He said the club will take a "hands on" approach as opposed to reading about it in books."

Win College Competition

Wauconda Grade School seventh and eighth grade cheerleaders display winning trophies after sweeping competition for 17 schools at College of Lake County. Top row, left to right, Kirsten Gerner, Sylvia Baiyo, Jenny Banas, Heather Kane; middle row, same order, Lori Michalak, Krissy Blumfield, Sheri Cermak, Jenni Stahl, Tracey O'Toole, Yvonne Ferrell, Lisa Malinowski; front row, same order, Angel Opsal, Andrea Howard, Tammy Adkins, Rachael Smith, Carm Calandra, Michelle Miller, Ann Pieper and Kelly Steele. Teams also took best mounts and best overall performance in day-long competition. A total of 178 girls competed. Karin Lawrence, CLC cheerleading coach, was chairman of the contest. —Photo by Craig Vogel

Hist. Society Holds First Meeting In Old School

by CHRIS SPECHT

The Lakes Region Historical Society will hold their first meeting in the old school house on Depot and Main at 7:30 p.m. on Jan. 23.

In the past the historical society has had to hold their meetings at the State Bank of Antioch, but due to a two year volunteer effort and \$60,000 in donations, the first floor of the building is now suitable for use as a meeting room. The building is now fitted with a brand new heating system and new plumbing.

According to Mel Knirsch, president of the society, the 94 year-old building also has over two dozen new windows which were installed at a cost of \$400 each. Knirsch said each window represents a single donation of the above amount made to the society.

The two story building has a history in Antioch stretching back to the turn of the century. Originally it was the main educational

center in the area. When the first Antioch high school was built around 1915, the building became Antioch's Grade School. The building was in use up to the 60's and many of the society's 356 members have taught or attended school there.

Knirsch said that the main topic of discussion at the meeting will be the long and short range plans for remodeling the second floor of the building. The society's archives and acquisitions are stored on the second floor and a place must be found for them before any work can be done.

Knirsch also said that the society is also planning a grand opening of the school house for some time in July. He said that the society has held open houses at the building in July for the past two years that usually attract around 500 people. With the first floor remodeling done Knirsch hopes to have even more people on hand for the grand opening.

Trip Approved By Board

Grass Lake News

by ARDEEN HARRIS
(312) 395-2761

The junior high ski trip last weekend was a great success. Everyone had fun and no serious injuries. Get well wishes do go to John Cole, who was practicing for the ski trip in his yard and broke his leg. This happened the week before the ski trip, so John was unable to attend. Get well quick so you can get back into school.

Can you believe this weather? What happened to the snow? I know that we will have more, but be careful of who you talk to regarding loving the warm weather. It might be a dedicated snowmobiler and you'll really get into trouble.

The 4-H Extension office in Grayslake, Illinois is having a special program for teen and adult leaders. This will be an information, training and resource meeting for: clothing, sketching and drawing, conservation organization skills, small engines, leather craft and much more. Call the 4-H office to register by January 24 at 223-8626. The meeting will take place on Jan. 28 at 7:30 p.m. For those of you who are thinking spring, the Grass Lake School will have its spring break starting on Mar. 27 with an early dismissal at 1:50 p.m. (first bus), 1:55 p.m. (walkers) and 2:10 p.m. (second bus). School will resume on Apr. 7 (Monday). If you are thinking of flying out to visit family in a nice warm climate, you'd better start making your reservations now, as the planes are really filling up quite fast.

Just a reminder from the school regarding class trip fees for the sixth, seventh and eighth graders. The Grass Lake School Board has approved a class trip fee of \$15 per year per student in grades six through eight.

Free Screening

Every Thursday in January, American International Hospital will be providing free blood pressure screening to the public. The screenings will be from 1 until 5 p.m. at the North Point Medical Arts Building, 1911 27th St., Zion. For additional information, call (312) 872-8722, ext. 253.

This fee is collected yearly with a total of \$45 per student and is applied toward the eighth grade class trip. It is recommended that this fee be paid each year rather than allow the entire amount to become due at the end of the eighth grade year along with the graduation fee. The office will graciously accept the trip fees at any time and will issue a receipt as proof of payment for your records.

Mark your calendar for the Antioch Community High School orientation night for eighth grade students of Grass Lake School and their parents scheduled for Feb. 17 at 8 p.m. Students and parents are required to attend the Orientation and Registration Night. With the start of the second semester be sure to check with your children to see what school supplies need to be replenished. They do wear out so check and see what they need.

The eighth grade class will be conducting a frozen pizza sale from Jan. 24 through Feb. 4 to raise money for their class trip. The cost per pizza is \$2.75 and you are requested to pay when you place your order. Pizzas will be delivered on Feb. 5. From past experience, these pizzas are great and well worth the money. Please help support the eighth graders in this effort.

Mike Christopoulos, Paul Kitto, and Ardeen Harris had an enlightening two day session of meetings on how to be a new school board member and board president. The meeting was sponsored by the Illinois Association of School Boards and was held at the Mundelein Holiday Inn. Jill Schuerr, a new board member for Lotus, District 10 also attended the sessions. As well as our neighboring Emmons school district. The program was so well organized, that the time really flew by and much information was drilled into our brains. There were many "working" workshops with interaction from all. School reform was also part of meeting and as our speaker indicated, the new reforms will probably be reformed shortly. The whole issue is becoming a political issue and time will tell of its outcome. Jan. 24 will find the

eighth grade swimming at Camp Ravenswood. It is also the day that report cards come out. What a way to start a weekend!

A note has crossed my desk with a special report on the Titanic at Steitz's Resort. Tobogganers at Steitz's Resort in Antioch, are gazing at the sinking remains of the Titanic frozen into the icy waters of Bluff Lake. An exact replica of the famous Titanic is located west of the toboggan slide and runway at Steitz's resort. Mr. Tom Ludwig and Kenneth Bruckelmeyer of Carole Stream, created the 1:39 scale model and it was donated to the resort by Mr. and Mrs. Ralf Seiffe of Wilmette. The craft weighs over 500 pounds, took over two months to construct and is illuminated from within to display 1,200 portholes in the stern of the submerging vessel.

I would like to end this column on a sad note and in memory of Christopher John Dent who was born on March 29, 1980 and passed on on January 15, 1986. Christopher was a member of the 1985-86 Grass Lake Kindergarten class. For those of you who would like to make a donation, please send them to the school to the attention of the Dent Family and the school in turn will see that they get your donation.

Village Board Meeting Held

Antioch's 885 Club requested and received permission from the Antioch Village Board to conduct a carnival in downtown Antioch at the board's Jan. 6 meeting. The carnival will run from May 7-11 and the 885 Club will provide for all security and insurance.

In other business the board authorized Village Clerk Marylin Sterbenz to write a letter to the Antioch Post Office concerning the relocation of parking spaces in order to alleviate traffic congestion on Orchard Ave.

The letter will also include a request for more handicapped parking.

Trustee Donald Amundsen announced that he will be attending a Jan. 16 meeting in Buffalo Grove, concerning the reinstatement of passenger railway service for Antioch which was previously provided by the Soo Line.

The board also authorized Village Attorney Kenneth Clark to update the village gun ordinance.

Retirement Party Successful

Congratulations to the Sonday household! Baby Troy Sonday was born to Mark and Joyce Sonday on Jan. 17 weighing 9 pounds and 9 ounces!! He will join his brother Kyle when Mom and Dad bring him home. Happy Anniversary to Don and Gerri Amundson on their Silver 25th Wedding Anniversary also celebrated on Jan. 17!

I hear everyone had a good time at Todd Maplethorpe's retirement party. M.C. for the bash was Tim Wells and the speakers included Chuck Miller, Mayor Toft, Marilyn Sterbenz and Dr. Petty. Sam Dadak Gurnee Fire Chief

and Vern Burdick of the Antioch Fire Dept. had a few stories to tell also. I hear everyone enjoyed the "Todd Barbers" with the "Super Todd Shovel" performed by the Public Works Dept. and the Village Dollies. Todd, it sounds as though you are leaving a very creative performing group! Enjoy your retirement!! I understand there were many plaques, letters, and gifts from many organizations civic groups and Departments in Lake County. What a Tribute! Of course the fine Rev. Steve Williams added to the Tribute.

I understand the Tom Hubbard household if bustling with a foreign exchange student from Brazil! We hope to meet him and hope he has a nice stay in Antioch.

Through the grapevine!! I hear a well known couple in town are expecting their first baby in May! Congratulations! We are all excited as it has been a long time coming!

"A 10% CD from Skokie Federal can mean more than 10% elsewhere..."*

Margi Englehardt, Branch Manager of the Downtown Skokie office, advises customers on how to get the most for their money.

"The best advice I give customers who are comparing rates on CD's is to beware that 10% does not always equal 10%. That may sound strange, but because of the various ways of compounding interest, it is often the case.

"For example, because we compound daily, 10% at Skokie Federal Savings means more than 10% at most other institutions who only compound monthly, quarterly, semi-annually or not at all. This means our customers earn the highest yield possible for a given rate on our CD's and savings accounts. And it's the yield, not the rate, that determines how much you will actually earn on an account at maturity.

Could Machine Scourge Engulf Lake County?

by JOHN STEINKE

In Illinois, there has been the age old struggle between the city and farm, the eternal tug-of-war between the Chicago machine and rural conservative interests. There was God's own clean Protestant, Republican downstate farming country. There was the dirty Irish Catholic, Democratic Chicago, later packed with militant Blacks and other threatening minorities.

The Chicago Democratic machine was the eighth wonder of the world. Other political machines might wither and die, but

the suburbs. Marshall R. Schroeder, the owner of Lakeland Newspapers and a 1964 state legislative candidate, observed at the time: "Let's get rid of two governors at once, Dick Daley and Otto Kerner by voting straight Republican." In 1964, Illinois voters were confronted with the "bedsheet ballot" when 236 state legislative candidates from both parties ran-at-large.

The famous three-foot long "Orange Ballot" contained the names of 118 Republicans and 118 Democratic candidates. The inability of Democratic Governor Otto Kerner and the Illinois General Assembly to negotiate a compromise on the state reapportionment map caused the unique election. Lake County Republicans distributed a sample of the "bedsheet ballot" to the electorate. On the Republican column, the candidates' full names were printed in the order in which they appeared on the ballot. On the Democratic side, the candidates' first name and initial were printed, but they all possessed the same last name: "Daley."

Lakeland Newspapers also emphasized the dangers of Chicago machine politics. In 1960, it warned: "We fully expect some house cleaning in Springfield if the Chicago Democratic machine is permitted to run roughshod... Illinois citizens...will rue the day that opened the door to the complete dictates of Chicago political bosses."

Four years later, Lakeland Newspapers editorialized, "No one is arguing that Gov. Otto Kerner isn't an affable gentleman. He is...but...there is the growing feeling...that Richard J. Daley, with his Chicago machine, is the real governor of Illinois." In 1968, our newspaper depicted Illinois Democrats as "the party of Cermack, Kelly-Nash, and Daley..."

Unfortunately, machine politics threatens our county today. Next week, we will analyze how Republican Sheriff Richard J. Babcox is attempting to become the Boss Hogg of Lake County Politics.

(First of a series.)

Chicago's flourished. It could deliver votes from the graveyards and from every flophouse on Skid Row-twice if need be. It could demand and receive, in return for favors and services rendered, unthinking fealty from the city's poor and oppressed. It could, and did, bind LaSalle St. bankers, State St. merchants, organized labor, organized crime, the White ethnics and the Blacks into an unbeatable political coalition on election day.

And there was the boss, Richard J. Daley (1955-1976), the bloated Grand Sachem of the Chicago machine, symbol and citation of Sodom and Gomorrah. Lake County Republicans leaders and local press portrayed Chicago as a place of high crime and corruption where machine politics subverted the whole state to subsidize Chicago. They reminded voters that the Chicago machine guaranteed that all good cemeteries came to the aid of the Democratic Party. The only advantage of being buried in "Crook County" is you never lose the right to vote the straight Democratic ticket.

The Lake County GOP establishment argued that the Illinois Democratic Party was only the lengthened shadow of Chicago Mayor Richard J. Daley. Republican campaigners criticized "Dictator Dick" and emphasized the theme S.O.S.: Save Our Suburbs from the Morrison Hotel Gang. The old Morrison Hotel once served as party headquarters for the Cook County Democratic organization.

Republican campaign brochures pictured a Chicago octopus with tentacles devouring

12 Students Make List

A total of twelve students from the Lakeland readership area have been recognized for their scholarship by being included in the Dean's List of their respective colleges for the fall, 1985, semester that ended Dec. 13.

Students who make the Dean's List have achieved grade-point averages that place them in the top 10 percent of their respective

colleges at the university. Each student is notified personally of the honor by the dean of his or her college. The colleges at ISU that provide a Dean's List are Applied Science and Technology, Arts and Sciences, Business, Education and Fine Arts. The College of Continuing Education and Public Service, an administrative unit at the university, issues no Dean's List.

Names of students from the Lakeland readership area who were named to the Dean's List follow:

Geary Camp Holds Meeting

The Committee to Reelect Norm Geary to the Lake County Board from Dist. 4 held its first organizational meeting Jan. 18.

Round Lake Beach Mayor Carl Schrimpf and Avon Twp. Clerk Virginia Harrington have been appointed chairmen in charge of fighting off five Geary challengers for Dist. 4

representation on the County Board.

Geary is the only in-

cumbent running in the March GOP Primary in Dist. 4. His main challengers include Pat Anderson (Avon Twp.), Charlotte Kiesgen (Grant Twp.), Ray Edwards (Antioch Twp.) and Joe Tobolik (Grant Twp.). William Mestan (Grant Twp.) is also running for one

of the two open four-year-term seats and he will be Geary's running mate.

GOP Backs Anderson, Kiesgen

According to Glen Moore, chairman of the Lake Villa Twp. Republican Party, the majority of the committeemen met and endorsed two candidates for the Dist. 4 seats on the Lake County Board in the March primary for the spring election.

Endorsed by the Lake Villa GOP were challengers Charlotte Kiesgen and Pat Anderson who are opposing incumbent Dist. 4 representative Norm Geary, Avon Twp.

'We Are Them, They Are Us'

Only V-E Day and V-J Day come to mind as examples of community jubilation that supersedes the exultation and good feeling that accompany the Chicago Bears playing in Super Bowl XX Sunday, Jan. 26. Certainly, if the mighty Bears are ambushed by the upstart New England Patriots, Jan. 26 will be recalled hereabouts on the same level as Dec. 7.

Bear Mania is more than a sports phenomena. It is a sharing of success and an expression that a once proud area confident of its position as a keystone to the success and well-being of America, dangerously eroded by modern technology and flight to the Sun Belt, still is capable of producing excellence.

In this locality, there is a special closeness

with the Bears because their team headquarters is located in Lake County and so many of them make their homes hereabouts. The feeling all of us are experiencing now must be akin to that which has been indelible in Green Bay since the earliest days of professional football; sort of "We are them and they are us."

We have always felt it is significant that the roots of the Bears are in downstate Decatur and that a small college coach, the late Ralph Jones of Lake Forest College, an offensive genius who devised the original T formation, provided the springboard to the Bears' early dominance and the intangible touch that set them apart from other teams.

Hail to the Bears! On to victory Super Sunday.

New Tax Generation

Non-real estate taxes as a means of raising revenue for government no longer are a wave of the future. They're here now.

Members of the Lake County Board lost no time in enacting a quarter percent county sales tax when the tax became permissible Jan. 1. It took them exactly 14 days to get the tax on all retail transactions, excluding food and drugs, on the books.

Hardly a word or question was raised over the county sales tax which is expected to add approximately \$6 million per year to the county coffers. County Board Chairman James LaBelle has pledged that the newfound income will be used to ease pressure on real estate taxes.

When the new Chain O'Lakes-Fox River Water Management Agency was voted into existence last year, one of the big selling points was that it would employ user fees as a source of revenue rather than taxes. The fledgling Lake County Convention Bureau will be funded basically through imposition of a hotel-motel tax, a close relative of the user tax.

Among the constant amusements and amazements of the comings and goings of the Chicago City Council are efforts of the Windy City politicians to dream of new versions of non-real estate taxes. The approach seems to be imposing new non-real estate taxes on least suspecting special interest groups.

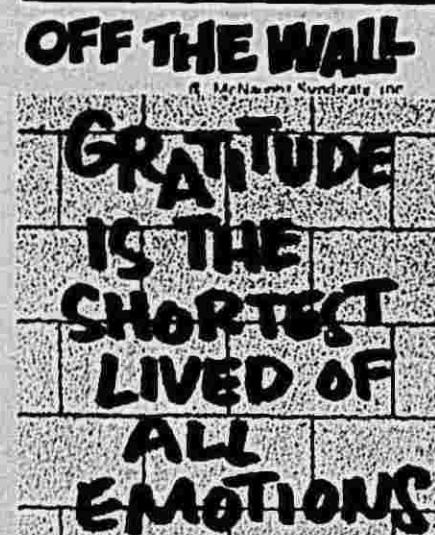

The good news is that property owners are beginning to get tax relief. The bad news is that the new generation of taxes can come from almost any direction.

Disappointing

The first observance of the new Martin Luther King holiday was disappointing. Save for media coverage and recognition in some of our community pulpits, Monday, Jan. 20, was merely Monday, Jan. 20, except for the inconvenience of closing governmental offices, the post office, financial institutions and having the kids home from school.

Even Martin Luther King Day observances in bi-racial areas were on the subdued side. Was it lack of resolution or merely a transitory reflection of resignation?

There should be tangible ways of demonstrating the brotherhood, love and equality as espoused by the late Dr. King. Perhaps it will take a few years of learning how to observe Martin Luther King Day. In time Dr. King's birthday may become a significant event as well as being an important date.

Editor's Viewpoint

Bob Coulson— Public Person Who Enjoyed Privacy

by Bill Schroeder

Bob Coulson was the kind of guy you like to see in politics—committed to the system, literate, witty, brilliant, down-to-earth, a patriot, saavy and above all, honest, scrupulously honest.

Even those who didn't know him instinctively pegged Bob Coulson for service in high places. "He ought to be governor," they'd say. "He should run for senator," people would remark.

Bob Coulson did become a senator, a state senator, serving with distinction in both houses of the Illinois General Assembly. During a 15-year span in Springfield he set standards for fairness, integrity and leadership. He also got things accomplished.

So there is a note of sadness in marking the death of the popular and gifted Lake County Republican leader. Funeral services for Robert E. Coulson, 73, former mayor of Waukegan, minority leader of the Illinois senate in 1971, were held Jan. 15 in Waukegan.

Ill health and a sight problem forced Coulson to withdraw from public life and retire in 1972. He chose privacy and virtual anonymity in contrast to the public life he had been leading since 1949 when elected mayor of Waukegan at age 36, the first Republican mayor after years of Democratic dominance.

With all his successes as a politician, one of his deep disappointments in public life was failure to win the GOP nomination for Congress to succeed the beloved Marguerite Stitt Church. What a figure Bob Coulson would have made in Washington! Congress would have been an ideal forum for this intellectual with the common touch. As it turned out, Coulson was denied the nomination due to an avalanche of votes in McHenry County for Robert "Bob" McClory, a fellow Lake County Republican, who went on to serve more than two decades in Congress representing northeastern Illinois.

This writer has a host of fond memories of the Ivy League graduate and published author in some of the nation's top literary magazines, who took great delight in relating how he was born on a farm near Grayslake.

My first contact with him was reading an article on juvenile violence, "Little Albert Took an Ax," which he wrote while serving as a young assistant state's attorney in charge of juvenile matters, which was required reading for beginning psychology students for years.

A major in the Army during World War II, Bob abhorred violence, preferring negotiation

Robert Coulson

and compromise. Talking to a business group in Antioch about labor strife, he described a strike as "the final act of a desperate man."

While mayor of Waukegan, he joked to me, "I'm basically a lazy guy. I enjoy coming up with ideas that others can work on." That typical touch of self effacement was in direct contrast to his tireless efforts in Springfield to enact legislation like no-fault insurance, revenue sharing, the Vietnam bonus and elimination of the individual personal property tax.

Bob Coulson was a giant in public life, but a quiet, retiring man in private life. He was missed a long time even before called by his Maker.

Letter To The Editor

'Citizen' Sheriff

Editor:

The editorial "Ready-Made Issue: Bossism" accuses Sheriff Babcox of being the boss of Lake County politics. The editor's attitude and assumptions warrant correction.

First, the editor suggests Sheriff Babcox acted improperly when he recommended Coroner Richardson as his successor. Certainly the sheriff should be concerned about the qualifications of his successor. Also, he should certainly want to make sure the people will receive the same level of professionalism and care from his successor as they received from his administration. This concern is no different than the concern a school superintendent, doctor, or newspaper editor demonstrates when he/she reviews the qualifications and character of possible successors. There is nothing improper about an officeholder being involved in the process of finding his/her successor. The sheriff would have been remiss in his duties if he did otherwise.

Second, the editor's suggestion is misleading and insulting. The sheriff did not appoint Coroner Richardson; the County Board appointed her. Even though the board included both Democrats and Republicans, the vote to appoint Mrs. Richardson as Lake County Coroner was unanimous—25 to 0. The editor's suggestion not only ignores the highly qualified and capable character of Coroner Richardson but also insults the intelligence and integrity of every member of the Lake County Board. In addition, the editor has apparently forgotten that Coroner Richardson has since won her own election.

She received the most votes of all the candidates on the ballot. The people of Lake County obviously agreed with Sheriff Babcox and the Lake County Board regarding her competence.

Third, the editor suggests it is improper for the sheriff to support an individual candidate for county clerk. When did the sheriff lose his rights as a voter? All voters in this country have the right and responsibility to evaluate the candidates and support whomever they deem most qualified. Am I to believe that newspaper editors have the right to endorse candidates while the sheriff and other officeholders do not have that right?

Fourth, the editor accuses Sheriff Babcox of eliminating his opponent, Mr. Mason, "before the voters have their say in the primary." Why should a candidate for political office be granted the privilege of a ballot position when he fails to submit the required number of legitimate petitions? Mr. Mason's people have given various reasons for the improper signatures. However, when petitioners do not clearly understand the laws surrounding the election process, it is the responsibility of the candidate to thoroughly instruct these people and then double check the petitions before submitting them.

When a candidate is found to be reckless during this simple, initial step in the election process, he should not be trusted with greater laws and responsibilities. It is right and proper that Mr. Mason should withdraw from the election.

In the future I suggest the editor review the facts objectively and avoid writing editorials based on assumptions.

Tempting Ways To Serve The Incredible Mushroom

When it comes to mushrooms, I'm a nut. I can eat mushrooms plain, lightly sauteed or in a salad coated with dressing. I can eat them stuffed.

I put them in sauces or stews. I put them in my spaghetti sauce. I can't help it.

I mix them with vegetables. I use them in dips. I even make a mushroom pate.

I do restrain myself—I don't use them in desserts.

Mushroom-Tomato Antipasto

1 garlic clove, minced
1/4 teaspoon salt
Pinch of black pepper
1/2 cup olive oil
3 large firm tomatoes, sliced
1/2 teaspoon dried basil leaves, crushed
1/2 pound mushrooms, cleaned and sliced
1 tablespoon red wine vinegar
Stir garlic, salt and pepper into oil in soup bowl. Arrange tomatoes on large plate, overlapping, and sprinkle on basil. Quickly coat mushrooms in oil and arrange around tomatoes. Drizzle remaining oil over tomatoes. Sprinkle vinegar over antipasto and chill one to two hours. Serves five to six.

Pilot Light
GREG MELIKOV

Sauteed Mushrooms

1 small onion, thinly sliced
3 tablespoons butter
1/2 pound butter
1/2 pound mushrooms, cleaned and sliced
Salt and black pepper to taste

In large skillet, saute onion in two tablespoons butter about four minutes. Add rest of butter and mushrooms; saute about four minutes, stirring frequently. Season with salt and pepper. Serve immediately alone or over beef. Serves four.

Engagements

Susan Bodzioch and Kieran Kirby

Bodzioch-Kirby

Mr. Robert Bodzioch, Waukegan and Mrs. Nora Bodzioch, Wildwood, announce the engagement of their daughter, Susan Bodzioch, Wildwood, to Kieran Kirby, Gurnee, son of Mr. and Mrs. Warren Shadron, Wildwood.

The ceremony will be performed by Father Merald of St. Gilbert's Church, Grayslake, on June 28.

The bride-to-be is a 1978 graduate of Warren High School and a 1982 graduate of Carthage College and has a bachelor of arts

degree in elementary education, mental retardation and learning disabilities. She is employed as a first grade teacher for Lake Villa School District.

The groom-to-be is a 1976 graduate of Grayslake High School and is a member of IBEW Local 150 and a journeyman wireman. He is employed as a foreman electrician for Lisle Electric.

The couple plans to settle in Gurnee.

Bowman-Attaguile

Richard and Barbara Bowman, Spring Grove, announce the engagement of their daughter, Tracie, to Gilbert Attaguile, Minot (Air Force Base), N.D., son of Sam and Terry Attaguile, El Paso, Texas.

The ceremony will be performed at 3 p.m. on July 5, at St. Bede Church in Ingleside.

The bride-to-be attended Grant High School and J.M. Hanks High School, El Paso, Texas. She attended the University of Texas at El Paso and is currently attending the College of Lake County. She is employed by Underwriters Laboratories in Northbrook.

The groom-to-be attended Burges High School, El Paso Texas, Boston University and the University of Texas at El Paso. He is presently serving with the United States Air Force in Minot, N.D.

Some Startling Facts About 'Alcoholism'

The following are some startling facts. Did you know that alcoholics usually keep their jobs for 10 years while drinking, but that their families suffer first?

Their friends think they are happy chums, but no one knows the tragedy that unfurls each day within the alcoholic's family.

Did you know that initially, children are introduced to alcohol or drugs by their babysitter, older brother or sister, or even by their parents? When drugs become more serious, then friends are used as sources.

Did you know that nine out of 10 men divorce their drinking wives, while nine out of 10 women stay with an alcoholic husband?

According to David Gates, a family therapist with the Family Counseling Clinic in Grayslake, adequate treatment sources exist for the substance abuser, but there is a need for therapy for the suffering family as well.

There are Alcoholics Anonymous, Al-Anon, the self-help group for families of alcoholics, and Al-A-Teen, the self-help group for teenagers of alcoholic parents. Although Al-Anon and Al-A-Teen provide support for families of alcoholics, they do not provide therapy.

The Family Counseling Clinic now offers a program

entitled Family Recovery Services under the direction of David Gates, who has worked with alcohol/drug dependents and their families for eight years.

He is certified as a Senior Addictions Counselor and has a certificate from the Center for Family Studies/The Family Institute of Chicago. He formerly was the Associate Director of the Northern Illinois Council on Alcoholism and Substance Abuse and remains there as a clinical consultant.

Gates said, "There is a high level of divorce within the first year of the abuser's sobriety due to unreal expectations followed by a high level of disappointment. For example, when the husband has maintained sobriety, he expects the family to be supportive of him; he expects intimacy."

"He forgets that he has been abusive and drunk for many past years and that his family cannot change their feelings as quickly as he is changing inside. The wife can also have unrealistic expectations," Gates continued.

"When the husband is drunk, she imagines the idealized version of what she would like him to be. Then, when he is sober, she expects him to pay the bills, be romantic, caring, and fulfill

all the hopes she fantasized about when he was under the influence of alcohol or drugs. When he is unable to fulfill her expectations, divorce often ensues," he said.

Gates said they both have a right to their dreams, but must realize that these dreams take time. He might have had periods of abstinence before, but fell off the wagon. Therefore, the family needs time to build their trust again. They often need therapy to work through their problems.

The first goal of the Family Recovery Service is to assess the problem and to determine whether it is for a long or short duration.

The second goal is to stabilize the substance abuser's recovery. He or she would require an individual plan of recovery utilizing AA and other resources.

The third goal is to help the family recognize and use resources available to them, resources such as high school counselors, financial counselors, other family members and friends. Families of substance abusers tend to become isolated. It is important that they begin to regain contact with the outside world again.

The fourth goal is to start the family to work, as a unit, on trust, communication, intimacy and getting their needs met.

Wee Care Seminar Aids Mental Health Of Infants

Research into mental disturbances has indicated that origins of mental disorders may have their beginning in early childhood. But what can mothers, as well as fathers, do to insure that their baby gets the normal psychological and emotional development it's parents desire?

The Wee Care Infant-Mother Seminar in Antioch is designed to alleviate the anxiety and concerns of parents and prospective

parents. The unique seminar is intended to show mothers and mothers-to-be, the infant-mother relationship that can determine the child's psychological health.

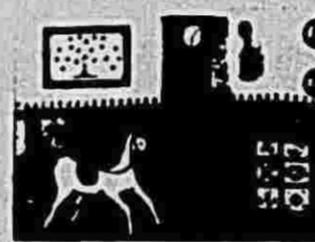

The seminar, conducted by Rev. Wayne Landgrebe, director of the Antioch Pastoral Counseling Center, guides the parents through a child's most formative psychological years—conception through age three.

The Wee Care Infant-

Mother Seminar was conceived in the last two years after consultations between Landgrebe and Dr. Gilbert Kliman, a psychiatrist and authority in child development from White Plains, N.Y.

The seminar is run on the first and third Saturday of each month. A \$25 fee per registrant or couple is required, although financial arrangements are available. More information can be obtained by Rev. Landgrebe

Plans and specifications will not be mailed; these documents can be obtained or examined at the Village Hall or the office of Morris Environmental Engineering, Inc.

3. No bid shall be withdrawn after the opening of proposals without the consent of the Village of Fox Lake for a period of sixty (60) days after the scheduled time of the bid closing.

The right is reserved to accept any bid or any part or parts thereof or to reject any and all bids, subject to the approval from the Illinois Department of Transportation and the U.S. Department of Transportation.

Any contract resulting from these bids is subject to financial assistance contracts between the project sponsor, the Illinois Department of Transportation and the U.S. Department of Transportation.

All bidders will be required to certify that they are not on the U.S. Comptroller General's list of ineligible contractors and that they are prequalified with the Illinois Department of Transportation.

It is a condition of this contract, and shall be made a condition of each subcontract entered into pursuant to this contract, that the contractor or any subcontractor shall not require any laborer or mechanic employed in performance of the contract to work in surroundings or under working conditions which are unsanitary, hazardous, or dangerous to his health or safety, as determined under construction safety and health standards promulgated by the U.S. Secretary of Labor, in accordance with Section 107 of the Contract Work Hours and Safety Standards Act (83 Stat. 96).

The contractor will comply and require all subcontractors to comply with all the requirements imposed by Title VI of the Civil Rights Act of 1964 (49 USC Sec. 200 (d)), the regulations of the United States Department of Transportation promulgated thereunder, and 49 CFR Part 21.

Each bidder will be required to submit along with and as a part of his bid a Bidder's Employee Utilization Form. Each bidder will additionally be required to submit a certification stating whether he intends to subcontract a portion of the work, and, if so, that he shall take affirmative action to seek out and consider minority business enterprises as potential subcontractors. Copies of such certification and the FEPIC Form are included in the Contract Documents.

The Village of Fox Lake hereby notifies all bidders that it will affirmatively insure that in any contract entered into pursuant to this advertisement, disadvantaged business enterprises will be afforded full opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, or national origin in consideration for an award.

The Village of Fox Lake hereby notifies all bidders that there is a goal of 12 percent participation for Disadvantaged Business Enterprises (DBE) and 3.25 percent participation for Women's Business Enterprises (WBE) for this project. The bidder must submit his DBE/WBE utilization plan, waiver request, or evidence of good faith compliance no later than ten days after the opening of bids. Failure to submit a plan or waiver request within the specified time frame will be cause for rejection of the bid as non-responsive.

TO: ALL INTERESTED PARITES

Please take notice, that Roy and Jerry Miller, has filed a petition before the Chairman and members of the Zoning Board of the Village of Fox Lake, Illinois, praying for a VARIATION, REZONING, SPECIAL USE, to the Zoning Ordinance of the following described real estate:

Lots 10, 11, & 14 in Block 3 in Felix O'Boyle's Subdivision a Subdivision of part of the North East quarter of the North West quarter of Section 14, Township of 45 North, Range 9, East of the 3rd P.M., according to the plat thereof, recorded May 26, 1900 as Document 78251 in Book "E" of Plats, page 29 in Lake County, Illinois.

That said premises are not classified as a B-1 District, and under the prayer of said Petition, petitioner seeks a variation, to the regulations of the Zoning District in which said property is located.

**EXHIBIT "A"
REQUESTED VARIATIONS**

Section 8.1-4 of the Fox Lake Zoning Ordinance requires a rear yard setback in B-1 zoned lots of 30 feet. Petitioner requests a variation to allow the rear yard setback of proposed building additions to equal the existing rear yard of approximately 18 feet (see palt of survey). The width is adequate for two-way traffic and is sufficient to service the tenants.

Sections 8.1-6 and 11.3-6 prohibit off street parking within the required 20 foot front yard setback under B-1 zoning. Petitioner requests a variation to allow continuation of parking in the front yard. This provides for maximum on site parking area with no required parking on the village street.

That a hearing on said Petition has been scheduled for 7:30 p.m. Zoning Room, Village Hall 301 South Route 59, Village of Fox Lake, on the 6th day of February, 1986 at which time the Petition together will all other testimony and objections will be heard.

Bear Mania Engulfs Lakeland

by BILL SCHROEDER

Forget what the Chinese calendar says.
It's the Year of the Bear.

All across the land, eyes will be focused on New Orleans Sunday, Jan. 26, where the Chicago Bears will contest the New England Patriots for professional football's championship of the universe. To heck with the world! Super Bowl XX is reaching beyond the earth. There's no stopping the Chicago Bears, or the Lake County Bears, or the North Shore Bears or wherever Bear mania has spread.

Right now, Bear fans in the Lakeland area consider themselves the chosen. Football fans all over the hemisphere can watch the Bears on TV, they can hear them sing "Super Bowl Shuffle," and they can read about the Bears in sports pages everywhere. But nowhere else can you see honest-to-gosh Bears, the genuine Halas men, going to church, on their way to the post office or super market, or see them mowing grass in their front yards than in the

9 Bear Games Key Successful Season

by JOHN STEINKE

The Bears won 15 games, and lost only one. They were 8-0 in the Central Division. Chicago scored 456 points and yielded only 198. Ditka's Bears attained the best record in professional football. Nine games were the key to the season.

Game 1: Sept. 8—Tampa Bay took a 28-17 halftime lead. But 22 seconds into the second half, defensive end Richard Dent deflected a Steve DeBerg pass into the hands of Leslie Frazier, who ran 29 yards for a TD. The Bears went on to win 38-28.

Game 3: Sept. 19—QB Jim McMahon didn't start that Thursday-night game due to an upper-back injury that he insisted he didn't incur when butting heads with

teammates to celebrate previous victories. But, coming in after half time, his first, second and seventh passes went for touchdowns and resulted in a 33-24 victory over the Minnesota Vikings.

Game 4: Sept. 29—Chicago still hadn't demonstrated that it could defeat a quality team when Washington came to Soldier Field. The Redskins led 10-0 when Willie Gault returned a 99-yard kickoff return for a TD. He ignited a Bear rally that generated 31 first-half points and destroyed Washington 45-10.

Game 6: Oct. 13—Chicago buried the defending Super Bowl champion San Francisco 49ers, 26-10. The Bear defense sacked QB Joe Montana for a loss of 45 yards. Bear running back Walter Payton picked up 132 yards.

Game 7: Oct. 21—The Bears defeated Green Bay 23-7. The T-formation paid off for William Perry, the Refrigerator. The rookie-tackle-turned-fullback ran for one touchdown and blocked spectacularly for two more scores. The Bear defense knocked out two Packer quarterbacks: Lynn Dickey and Randy Wright.

Game 9: Nov. 3—The Bears were trailing 3-0 the Green Bay Packers in the closing minutes of the first half. Chicago was second down, goal to go, on the Green Bay four-yard line. Coach Mike Ditka sent in the Refrigerator. As Bears QB Jim McMahon started calling the signals, the Refrigerator rose from his ready-to-run stance and started a slow trot to his right. When the ball was snapped, William Perry suddenly shifted into high gear. Instead of charging straight ahead, he sidestepped Linebacker George Crumby and deftly caught a short pass for a TD. Green Bay became the first NFL team to be faked out by a 6-2, 308 pound team receiver named after an appliance. Payton gained 192 yards and scored the winning TD in the Bears' 16-10 win over the Pack.

Game 11: Nov. 17—The Bears clinched the divisional title when they destroyed Dallas, 44-0. It was the worst defeat ever

inflicted on the Cowboys. The key play came in the first quarter. Defensive end Dan Hampton deflected a pass to Richard Dent, who went over from a yard out for game's first TD.

Game 13: Dec. 2—The Miami Dolphins neutralized the Bears' vaunted pass defense in their 38-24 win over Chicago. Until the Miami defeat, the Bear defense had recorded 13 consecutive touch-downless quarters. It was Chicago's only loss of the season.

Game 15: Dec. 14—The Bears had already clinched the home field advantage for the NFC playoffs. Chicago's defense stopped QB Ken O'Brien, who completed fewer than 50 percent of his passes for just the second time this season. Chicago hammered the New York Jets, 19-6.

Bear Mania

(Continued From Section Cover)

Bear mania has Lakeland going bonkers. The fever pitch will be mounting until kickoff time Jan. 26. So keep those banners flying. Keep signs in your window. This is Bear Country, all right, where the Monsters of the Midway practice and where our heroes in blue and orange hang up their togs.

Nothing within memory has engulfed Lakeland like Bear Mania. Little old ladies who don't know a punt from a ping pong paddle are shouting, "Eat'em up, Fridge." Sedate citizens whose idea of sport is swishing a crochet mallet are thrusting their fists in the air to intone, "Right on Walter!! And in the pubs and saloons around these parts, everyone agrees, "Hey, Mike! You're our kind of guy."

Over the years Lakeland has had its sports idols—Ernie, Minnie, Hank, Louie, Luke—guys in baseball flannels. Never before, though, has an entire team been clutched to collective breasts like the 1986 Super Bowl-Bound Chicago Bears.

The current Bears are beloved by all because they are not only good at what they do, they obviously enjoy what they're doing. They make people feel good. No stuffy, plastic jocks, these Bears, a la Tom Landry gridiron robots. The 1986 Bears are real people! They clown around. They cut up. They mouth off. They argue with coaches. And on Sunday they go out and play football like men possessed.

And they look like football players, not bronzed beach boys. Their coach combs his hair straight back and has a bristling mustache. Their star runner is as tightly constructed as a fire plug. Bear linemen have muscles in their eyelids. Bear tacklers go after opponents like hungry lions bringing down an antelope. Remember when the Bears used to have names like Golden, Virgil and Bobby? Today they've got real names like Mike, Jim, Walter, William and Ken.

Ah, may all this madness never end. At least one of the teams on the field Jan. 26 fits the super mold. Here's to the Bears. We're pulling for you.

Steinke On Bears

Much of the statistical data in this section was prepared by John Steinke, who also wrote some of the articles. Steinke, a political scientist by profession, is a political columnist for Lakeland Newspapers. He also is an avid sports fan, keeping voluminous football and baseball records. Lakeland Newspapers would also like to acknowledge the cooperation of the Chicago Bear office in supplying data and photos, especially the help of Bill McGrane.

Iron Man At The Helm

Chicago Bear Coach Mike Ditka presents stern and tough image. Nickname of 'Iron Mike' comes naturally to someone who hails from coal mining and steel sector of Pennsylvania. Ditka takes a no-nonsense approach to both life and football. The Super Bowl XX coach is a workaholic, often leaving his home in Arbor Vista near Grayslake in Warren Township before dawn to study film and draw strategy at Bear headquarters in Lake Forest. Adding to the Ditka mystique is the fact that he was hired for post by the late George Halas, founder, owner and long-time Bear coach.

Super Bowl Action Slim In Central

by JOHN STEINKE

Following the merger of the NFL and the AFL, there was the realignment of professional football.

The NFC Central came into existence in 1967. The original teams included the Chicago Bears, Detroit Lions, Green Bay Packers and Minnesota Vikings.

The same year, two coaching legends ended their NFC careers: Chicago's George Halas and Green Bay's Vince Lombardi. The Packers won the 1967 NFL title, and recorded their second Super Bowl victory over the Oakland Raiders, 33-14. No Central Division team has registered a Super Bowl win since Lombardi's last Packer triumph.

During "Papa Bear" Halas' 40-year coaching career, he posted a 326-151-3 record with a .683 winning percentage. In seven title games, Halas' Bears won five. George Halas coached the Bears to their last world championship in 1963. That year, Chicago captured the NFL title from the New York Giants, 14-10 in Wrigley Field. Lombardi achieved a 141-39-4 record with a .783 winning percentage. In nine years (1959-1967), Lombardi's teams won seven divisional titles, five NFL championships and first two Super Bowls.

In 1970, interleague competition started between the NFC and the AFC. Seven years later, the NFC Central membership increased with the admission of an expansion team: the Tampa Bay Buccaneers. During the past 19 years, the Minnesota Vikings have dominated the NFC Central by winning 11 divisional titles. Coach Bud Grant's Vikings, however, have compiled the worst record of any team in Super Bowl competition. The Vikings are 0-and-4 in the Super Bowl.

In 1977 and 1979, the Chicago Bears qualified for a wild-card position in the

NFC playoffs. On Dec. 18, 1977, Bear Bob Thomas kicked a 28-yard field goal with nine seconds left in the overtime period to defeat the NY Giants, 12-9. Thomas' FG guaranteed the Bears their first playoff spot in 14 years with a 9-5 record. Coach Jack Pardee's Bears finished the season with a 37-7 playoff loss at Dallas.

The Bears clobbered St. Louis 42-6 while Dallas defeated Washington, 35-34, in the final game of the 1979 season. Thus, Chicago's point total sent the 10-6 Bears to the NFC playoffs. Bear QB Mike Phipps finished the season with a 9-1 record. After leading 17-10 at halftime, Coach Neill Armstrong's Bears dropped a 27-17 wild-card game at Philadelphia.

Finally, Coach Mike Ditka's 1984 Bears won Chicago's first divisional title with a 10-6 record. The Bears attained a 7-1 record over its Central Divisional opponents, losing only to Green Bay on a last minute TD pass. On Dec. 30, 1984, Chicago defeated the Redskins, 24-19, in Washington. But the Bears lost to the ultimate Super Bowl champions, the 49ers, 23-0, in San Francisco in the NFC title game.

And then came 1985.

Attendance

Three road games top the Chicago Bears' attendance numbers for 1985. The team's only loss of the year, a 38-24 decision to Miami at the Orange Bowl Dec. 2 drew 75,594 customers. The second most attended game was a 19-6 win over the New York Jets at the Meadowlands Nov. 14. The season finale, a 37-17 road win over Detroit drew 74,042 customers. The largest Soldier Field crowd was 65,095 for a 23-7 win over Green Bay Nov. 3.

Super Bowl Records

Chuck Noll's Steelers have posted the best Super Bowl record with 4 victories and no losses. Bud Grant's Vikings have registered the worst performance with no victories and 4 losses.

Bears: .454 Record In Regular Seasons

During the past 19 years, Chicago has been affiliated with the NFC Central Division. The Bears have experienced 5 winning seasons, three .500 campaigns and 11 losing years. Twice Chicago has qualified for the wild card in the playoffs: 1977 and 1979. Twice the Bears have won the divisional title: 1984 and 1985. In 1968, Chicago would have won the division if they had not lost the final game of the season to the Green Bay Packers, 28-27.

Johnson Gets Paid To Go To Super Bowl

by GLORIA DAVIS

Many Chicago Bear fans are willing to pay almost anything for Super Bowl tickets. Reports are that scalpers are asking as high as \$1,000 a ticket to see the Bears and the New England Patriots take to the gridiron on Jan. 26. But Louise Johnson, Antioch, is literally getting paid to go to the Super Bowl.

She left for New Orleans on Jan. 20 to join 50 other staff members in setting up Bear offices for the Super Bowl duration at the Hilton Towers. Of course very special game seats for she and her husband Frank and their two sons, Frank, Jr. and Dan, plus a share of the Super Bowl hoopla are more than normal job benefits.

Johnson has been working the switchboard, holding down the reception desk, and getting her hand in on just about everything from public relations to working with the coaching staff in the Lake Forest office of the Chicago Bears for the last five years.

"Last year when they almost won the National Football Conference Title things were exciting but this year it's really been busy," said Johnson, adding that all the publicity generated by William (The Refrigerator) Perry has created a lot of work.

"They're really a great bunch of guys and about as crazy as everybody thinks they are," she said.

She works mostly with the quarterbacks, running backs and the coaching staff. "Jim McMahon is really as crazy as the press says although a lot of that is for the benefit of the newspapers. There are only a few that he cares to be straight with," Johnson said, describing the Bears' quarterback.

"He's a devoted father, talks about his kids all the time," she added.

Johnson describes Walter Payton as being "sweet enough to deserve the Mr. Sweetness title" he has been given, although "He can be moody."

Peyton loves to go duck hunting and he and

Jeff Fisher (punt returner) and Kurt Becker (offensive line) often join Frank Johnson and other Lake County hunters in the local duck blinds.

Johnson said that Peyton has been known to pitch in and help answer telephones when the switchboard gets really busy.

"This year we have a lot of incoming overseas calls especially from England. English fans and the press don't get our games until a week later, so every Monday morning they call to see what happened over the weekend," she said.

She profiles Coach Mike Ditka as being "a serious person who has a temper, but is extremely fair," adding that he is most often generous and gracious.

Husband Frank is scheduled to leave for New Orleans on the spouses' plane on Friday, Jan. 24.

"He'll have a ball since most of the spouses are women," says his wife.

"Setting up the offices will be a learning experience for most of the staff since only four people have ever worked on Super Bowl teams before," says Johnson.

Ditka played in one Super Bowl game when he played for Dallas and was also there as an assistant coach for the Cowboys.

Win or lose, the Bears and staff are set to return to Chicago on Monday, when they will be greeted by Mayor Washington and then join in a big parade through the Chicago's loop.

Passing

Quarterback Jim McMahon completed almost 60 percent of his passes in 1985. McMahon completed 178 of 313 passes for 2,392 yards for 56.9 percent. Back up Steve Fuller was 53 for 107 for 777 yards, 49.5 percent. As a team, the Bears completed 249 of 522 passes for 3,299 yards, 47.7 percent.

Black-N-Blues Sister

Juli Chittenden, now known as the Black-N-Blues Sister, along with Ross Zanzucchi of Total Image Studios in Grayslake, hold up the poster that has swept the Chicagoland area as of late. Chittenden, who at first posed as the Black-N-Blues Sister for a company (Total Image Studios) Christmas card, never thought it would become a major part of Bear Mania. The poster is being given away, but a \$2 donation is being accepted in care of Wally Phillips' Neediest Children's Fund.—Photo by Mike Pramshafer.

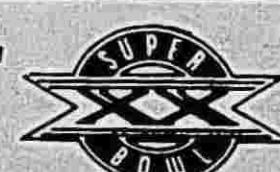

'Sweetness'

Chicago's own Walter Payton will be depended on heavily in the Super Bowl Jan. 26 to bring the Bears their first NFL championship. 'Sweetness' only gained 39 yards the first time they played the Patriots on Sept. 15, but was still the leading rusher.

Green Bay	19	56	64	6	.467
Tampa Bay	9	22	40	1	.355

Offense Statistics

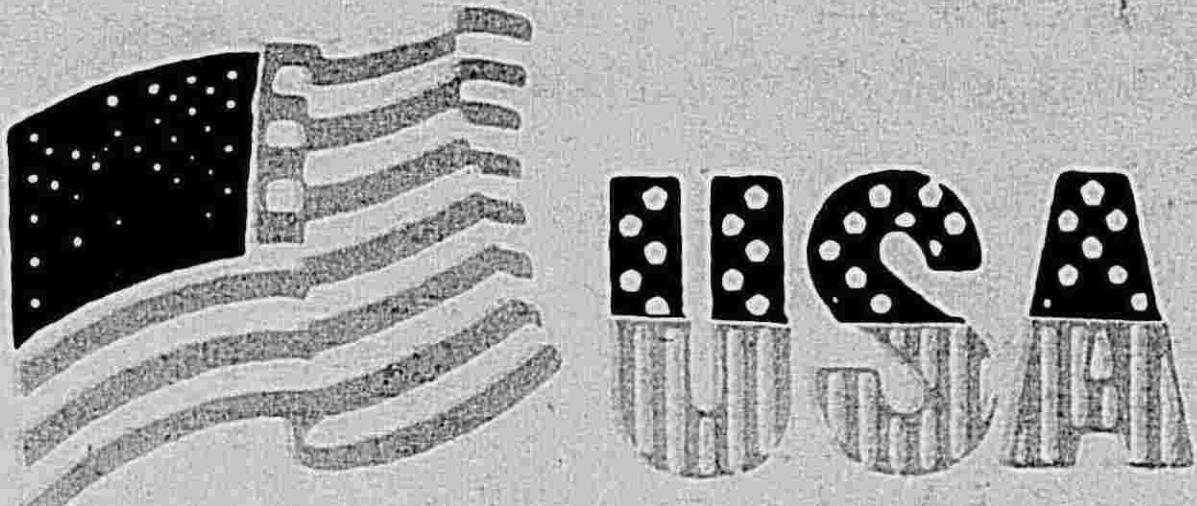

The Chicago Bears led the opponents in every category kept for offense except one. The exception was fourth down conversion attempts, which opponents were 6-for-16 to the Bears' 5-for-13. Notable stats included a 343-236 edge in first downs; a total net yardage of 5,837-4,135 with a per game edge of 364.8-258.4; the Bears outpassed foes 3,076-2,816 and outrushed them 2,761-1,319 yards.

NFC Central: .484 Record Against NFC

Since 1967, the NFC Central Division has recorded a .484 percentage against teams affiliated with the NFC East and the NFC West. Only the Minnesota Vikings and the Green Bay Packers have compiled winning records against other NFC opponents.

Interdivisional Champion

Every season the team with the best record against Central Division opponents has captured the divisional title. In 1982, there wasn't a divisional winner because of the strike-shortened season. In 1977, 1978 and 1980 the Minnesota Vikings were declared the divisional champion even though they had an identical won-and-loss record with other Central Division teams. In all three years, Minnesota had scored more points or had achieved a better record against that particular opponent.

Kickoffs

Willie Gault led the Bears in kickoff returns with 22. The former track star had 577 yards, an average of 26.2 yards. His longest was a 99-yard touchdown return against Washington in the Bears' 45-10 romp. Dennis Gentry returned 18 kickoffs for 466 yards, a 25.9 average and a touchdown. The team returned 43 kickoffs for 1,089 yards.

Bears: .476 Record In Central Division

During the past 19 years, the Bears have recorded a winning record over only one Central Division opponent: Tampa Bay. During the last two years, Chicago has achieved a 15-1 record over divisional teams. The only Bear loss was to Green Bay Packers in 1984. Early in the fourth quarter the Bears went ahead 14-13 following an interception of a Rich Campbell pass. Then, with 44 seconds left in the game, Campbell connected on a 43-yard TD pass with Phillip Epps, who ran it in from the Bear nine.

Bears Go Hunting

Members of the Chicago Bears are not known to do much hiding unless it's in the local Lake County duck blinds during duck season. Shown in rear, from left are, Jim Cermack, Antioch; defensive back Jeff Fisher, Frank Johnson, Antioch; Walter Payton. In front is Greg Banser, Fox Lake.

The Refrigerator

William 'The Refrigerator' Perry, 72, is probably the biggest thing to hit the Chicagoland area since Michael Jordan. He will be putting pressure on New England quarterback Tony Eason, Jan. 26 in the Super Bowl, as will his defensive line teammates Dan Hampton, Richard Dent and Steve McMichael. Although the Bears defeated New England 20-7 Sept. 15, the Patriots did manage to gain the most yardage against the Bears on a single pass—for the whole year, a 90-yard touchdown pass from Eason to running back Craig James.

The First Meeting

The above statistics are from the first meeting between the Bears and the Patriots on Sept. 15, 1985 which was the second game of the year. Chicago defeated New England by a score of 20-7. Many people feel that New England is a different team now than they were on that day. That remains to be seen on Jan. 26 in New Orleans.

Dean Of Antioch Fans Has Been Helping Halas

by GLORIA DAVIS

Ginger Halas, in disparaging the "lucky break tag," told the press that she felt that her father George Halas has been helping the Bears from upstairs.

Ann and John Kakacek, Antioch, say that they feel that Halas has had company in the heavenly rooting department, in one of his good friends, Ann's father Jim McMillen, a former mayor of Antioch.

Both Halas and McMillen were grid stars at the University of Illinois. McMillen, who died in January, 1984, was a guard with the Chicago Bears and Halas played end in the late 1920s.

McMillen and Halas formed a life-time friendship that lasted until Halas preceeded McMillen in death by just a few months.

In fact, a delivery of flowers from Halas came to McMillen's bedside weekly till then.

McMillen, one of Antioch's most well-known citizens, also had a career in the military, and in business, and in professional wrestling, as well as a stint in local politics.

He was the dean of Antioch's many Bear fans, closely followed by Janet Brook, wife of the State Bank's Bill Brook, and Sophie Thane, wife of Dr. Alan Thane.

These two ladies have been Bears fans for 35 years and both make as many home games as possible. Despite the fact that they have stuck with the Bears through thick and thin, neither get to go to the Super Bowl because their names didn't pop-up in the lottery.

They, all the Antioch fans, and the Kakaceks are certain the Bears will come home winners and will all be rooting for them in front of their tv sets.

Jim McMillen

NFC Central: Regular Season Record

Since 1967, only the Minnesota Vikings have attained a winning record in the NFC Central. The Bears have achieved a 25-7 record during the past two years. Yet, Chicago has posted the fourth worst record in the Central Division.

Bears: Two Divisional Titles

Since the formation of NFC-Central in 1967, the Minnesota Vikings have won 11 divisional titles. The Chicago Bears, Green Bay Packers and Tampa Bay Buccaneers have captured divisional honors twice. The Detroit Lions have won only once.

In 1982, the divisional records didn't determine the winner because of the strike-shortened season. That year, Green Bay finished with the best record.

Offense Team Highs

The Bears' offense had several high points in 1985, including: most points, 45 vs. Washington Sept. 29; most rushing attempts, 55 vs. Detroit Nov. 10; Most first downs, rushing 18 vs. Detroit Nov. 10; most passing attempts 34 vs. Tampa Bay Sept. 8 and Oct. 6; most pass completions 23 vs. Tampa Bay Sept. 8; most passing yards 360 vs. Minnesota Sept. 19 (McMahon 236, Fuller 124); most first downs, passing 15 vs. Tampa Bay Sept. 8; most yards, 480 vs. Minnesota Sept. 19; total plays, 76 vs. Green Bay Oct. 21 and New York Jets Dec. 14; most first downs 27 vs. Tampa Bay Sept. 8.

Punting

Bears' punter Murray Buford had 68 punts for 2,870 yards during the regular season. His average was 42.2 yards a punt with a long of 69 yards and 18 punts landing inside the opponents' 20 yard line.

Spearheads 'New Look'

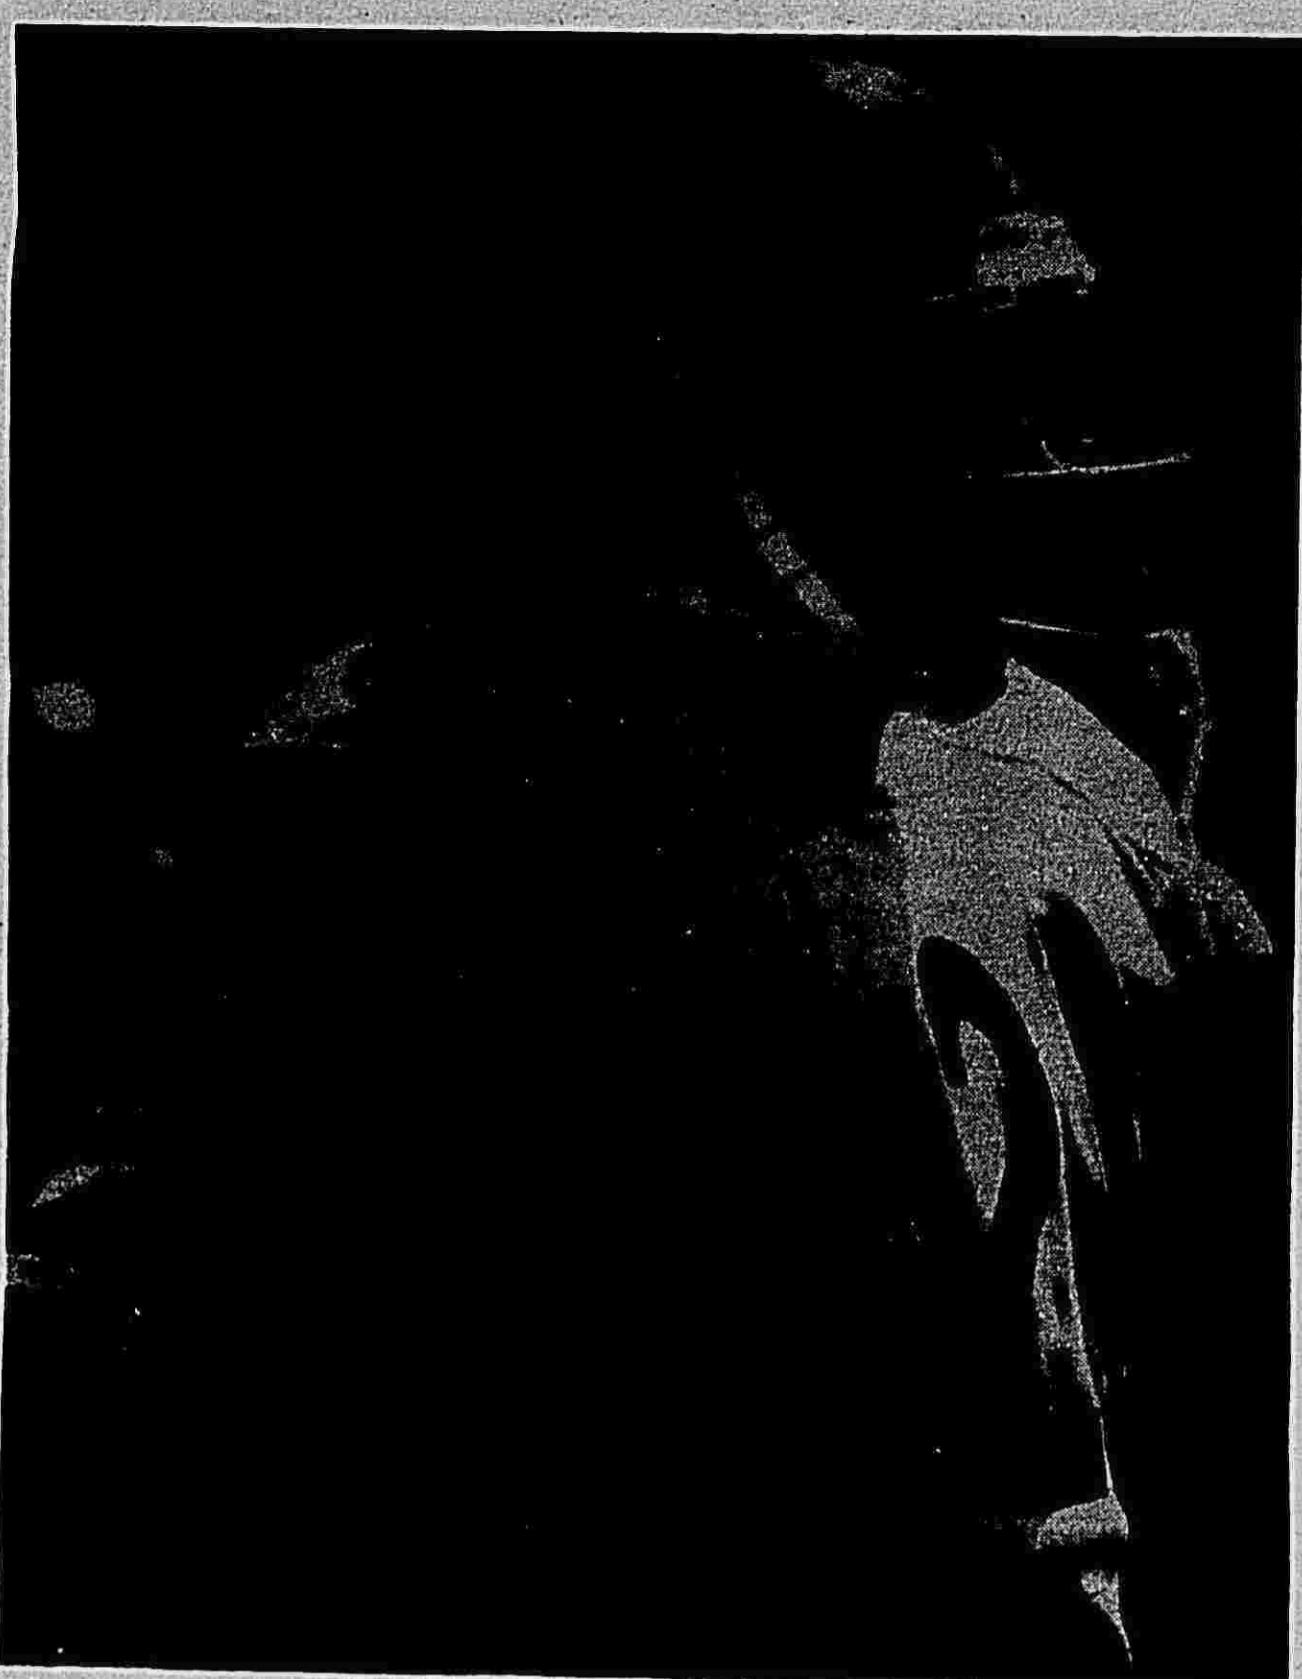

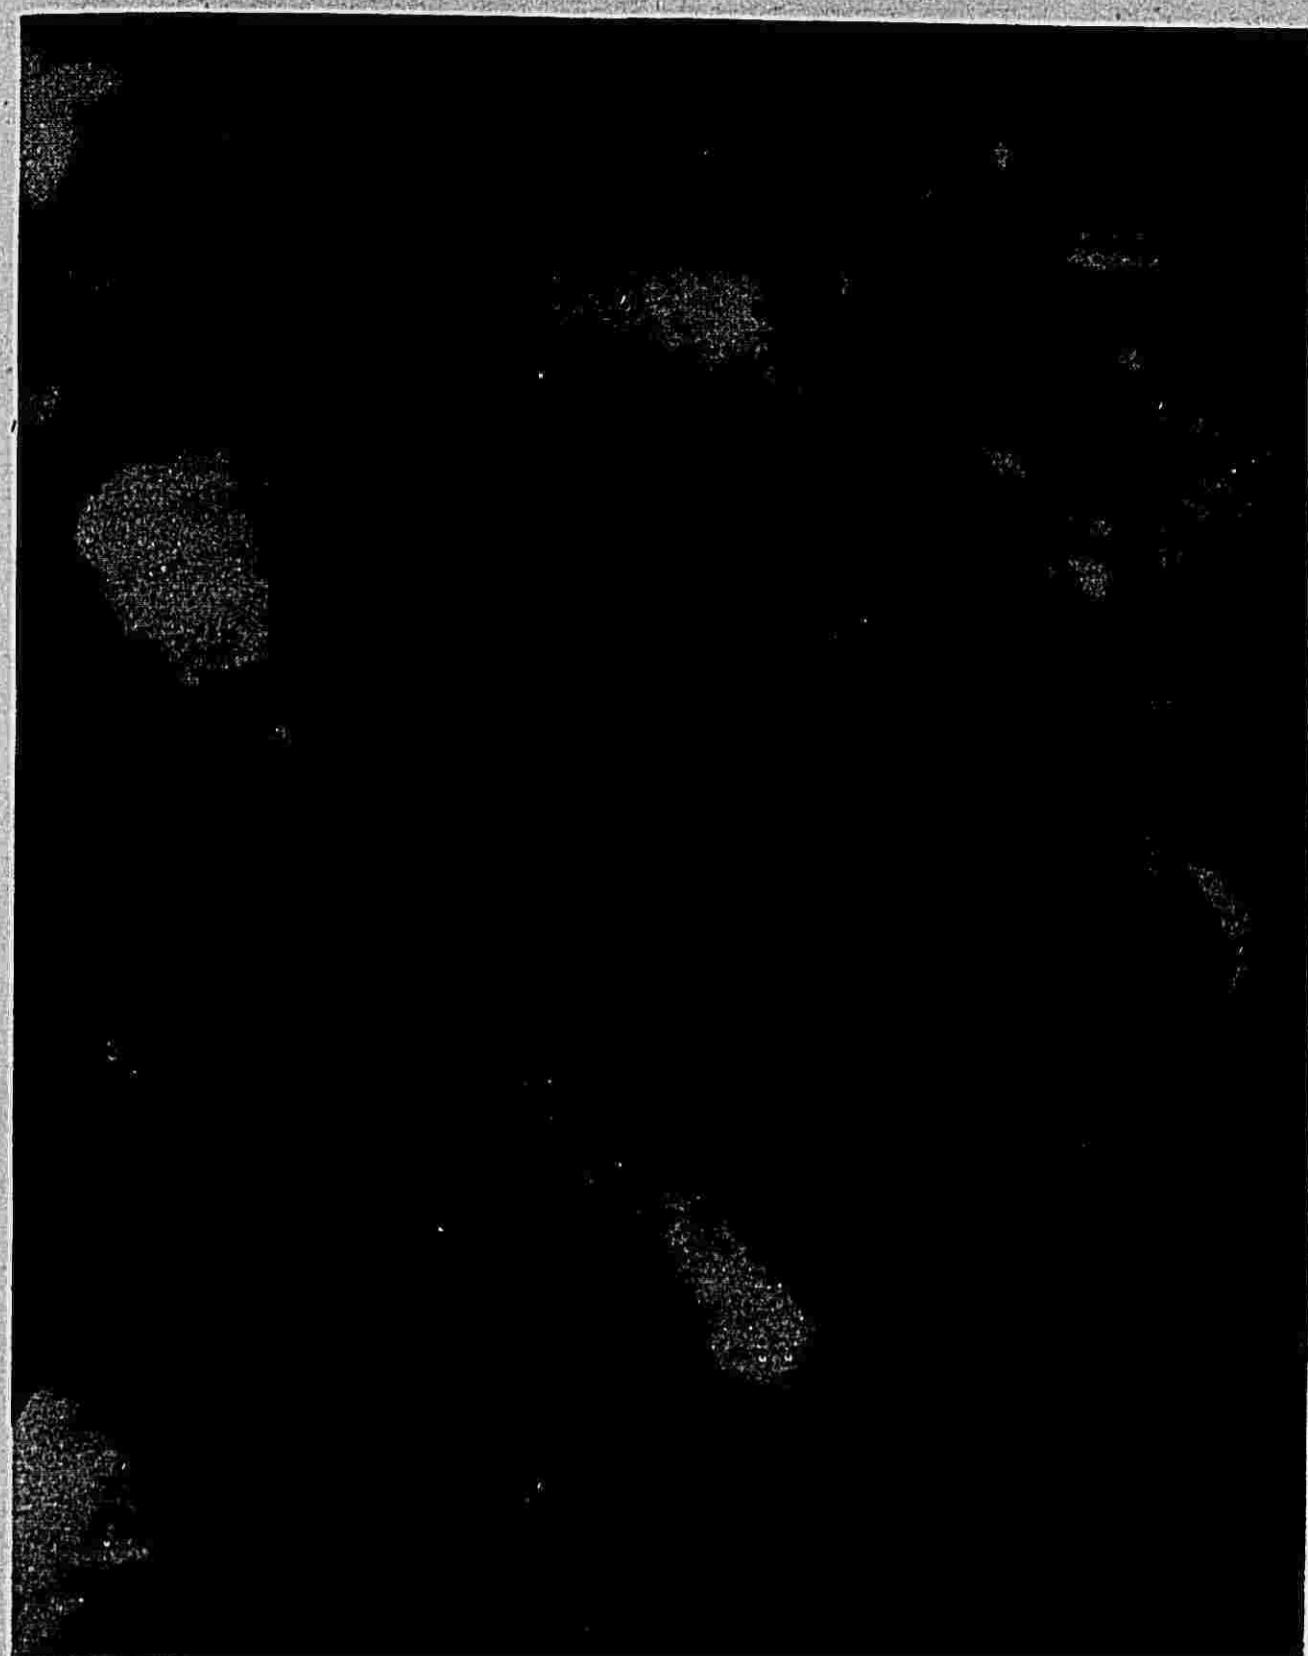

Quarterback Jim McMahon typifies 'new look' of '80's of the Chicago Bears. Young, brash, irreverent, unpredictable, gifted athlete, McMahon encapsulates current Bears who play as good--or better--than they talk. Definitely his own man, McMahon is regarded as having attained 'Don't Touch' status with regard to changing signals and improvising strategy in the thick of action.

Butler Is Point Leader

Kicker Kevin Butler led the Bears in scoring with 144 points. He made all 51 of his extra-point tries while making 31 for 38 in field goals. Walter Payton, scoring nine touchdowns was next with 66 points and Dennis McKinnon had 42.

Scoring

The second quarter proved to be Chicago's most productive in 1985. The team outscored opponents 144-77 in that period. In the first quarter, Chicago had a 67-50 edge; in the third 123-34 and 122-37 in the fourth. All told, the National Football Conference champion Bears chalked up 456 points while holding the opponents to 198.

Greased Lightning

The Bears' main wide receiver, Willie Gault, will be matched up against pro-bowler Raymond Clayborn in the Super Bowl. Gault's speed will be tested, as will Clayborn's in this matchup. On the other side of the coin, New England's main wide receiver Stanley Morgan, will be testing Chicago cornerback Mike Richardson.

Hands Full

The Bears' Leslie Frazier will also have his hands full this Sunday in New Orleans. He will have the duty of controlling the Patriots' speedster Irving Fryer. Fryer is in his second year from Nebraska and can really fly.

Victory Hospital Board Approves Remodeling

The Governing Board of Victory Memorial Hospital has approved the expenditure of half a million dollars (\$572,000) for remodeling the hospital's maternity unit. The hospital is also developing plans for a program of comprehensive women's health services.

A number of these services have already begun. Private rooms for new mothers have been available at no additional cost. New classes-

"Childbirth with Joy," "Grandparents are Grand," and "A New Baby is Coming"—have been added to the roster of courses the hospital has traditionally offered to assist families prepare for childbirth and parenting. Also, the hospital's Women's Health Connection is presenting programs on osteoporosis, stress and other topics of special interest to women.

The governing board ac-

tion was based on the combined recommendation of the obstetrics committee of the medical staff and the finance committee of the board.

The design and decor of the new maternity unit will reflect findings of extensive market research by Victory Hospital on what women would like when they have their baby in a hospital.

The new unit will feature two birthing rooms, new

state-of-the-art fetal monitors, home-like decor, a children's playroom for siblings, and an enlarged nursery. Private rooms, each with individual showers are also on the drawing boards. The hospital's delivery room and cesarean section room, among the largest in Lake County, will remain unaltered.

The remodeling will offer expectant parents greater freedom of choice.

Traditional labor and delivery will continue to be an option. (All labor rooms will be equipped with birthing beds.)

Another option will be for

the woman to labor, deliver and recover in same room with discharge a few hours after the birth.

The target date for completion is June, 1986.

YMCA Elects New Officers

The Lake County Family YMCA has elected its new slate of officers for the coming year.

They are: President, Bill Devore; Vice President, Fred Foreman; Secretary, Mary Clark; Treasurer, John Kolosky.

Devore is vice president of marketing and public relations for the Bank of Waukegan. A YMCA board member since 1980, Bill has served as treasurer, secretary and public relations chairman for the board and also public relations coordinator for the YMCA Capital Campaign Fund. He holds a B.A. in Speech from Illinois Wesleyan University and an M.A. from the University of Illinois. Bill resides in Zion with his wife, Jan, and their two children, Christopher, 9 and Angela, 7.

Foreman is the state's attorney for Lake County. Fred was elected state's attorney in 1980 and reelected in 1984. A long time resident of Lake County, Fred graduated from Woodland Grade School, Warren High School, Carroll College in Waukesha, Wis., and John Marshall Law School in Chicago. Fred is active in several civic and charitable affairs. He resides in Gurnee with his wife, Stephanie, and children Melissa, 7; Christopher, 5; and Melanie, 16 months.

Mary Clark is an attorney with the firm of Sullivan, Smith, Hauser and Noonan, LTD in Waukegan. She earned a B.A. in Economics from Barat College in Lake Forest and is also a graduate of Lewis University Law School in Glen Ellyn. She is a member of the Lake County Bar Assn., Illinois Bar Assn., Illinois Trial Lawyers Assn. and is secretary of the Assn. of Women Attorneys.

Osteoporosis

Victory Memorial Hospital's Women's Health Connection is sponsoring a breakfast/seminar titled "Breaking Points: Stress and Osteoporosis" at Victory Health Outreach Center, 121 E. Grand Ave., Lake Villa on Saturday, Jan. 25 from 8 to 11 a.m. Dr. William Woods, ob-gynologist on staff at Victory, will talk about who is at risk for osteoporosis, detection and what can be done to prevent or arrest it. Dr. James Rich, staff physician, and Carroll Working, Victory social worker, will discuss stress during the free program. Call (312) 356-5900 to register.

BUYING A HOME SATELLITE DISH IS COSTLIER THAN YOU THINK.

Before you spend your hard-earned money on a satellite receive dish you should learn the facts.

This year popular premium services like HBO and Cinemax will begin scrambling their signals with highly sophisticated electronic encryption devices.

And this new technique won't be

limited to just premium services. Many basic cable channels like ESPN, MTV and CNN have announced their intentions to scramble signals.

What does this mean for satellite dish owners?

In addition to paying several thousand dollars for the purchase and installation of a receive dish, it will be necessary

to spend hundreds of dollars on descrambling equipment plus pay monthly service fees for each channel received.

Make your decision based on the facts.

Boat, Sports and RV Show Well Attended

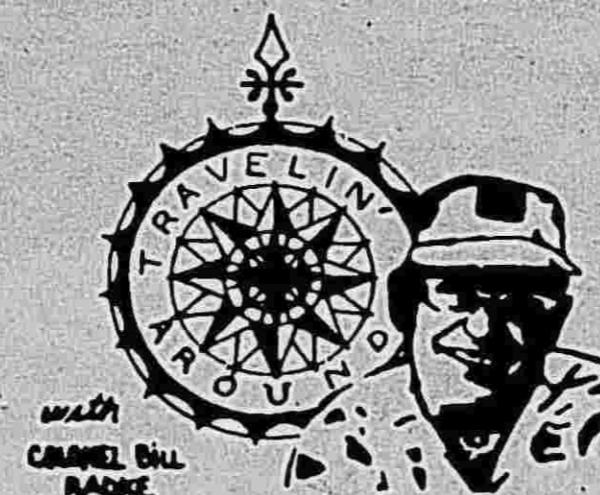

Travel may have been one of Chicagoland's best demonstrated interests for those who attended the Chicago Boat, Sports and RV Show which closed Sunday, Jan. 11. Coinciding with the Chicago Bears' playoff victory at nearby Soldier's Field, Sunday's show interest traveled to that event which so totally captured Chicagoland enthusiasm. The sparse Sunday show crowd had opportunity to discuss in detail their boating, fishing or RV plans with little interruption.

Saturday, however, McCormick Place was jammed with thousands of enthusiastic attendees and according to Ben Wold, show director, attendance was up 20 percent over last year. "Next year" said Wold, "we will feature a more concentrated collection of fishing equipment, resorts and travel booths in the adjoining 80,000-foot George Halas Mall." That was an appropriate announcement concerning Papa Bear's Mall, preceding Sunday's dramatic win that sent his boys superbowl.

Fast traveler is an appropriate description for the popularity of Bear's No. 72, William "Refrigerator" Perry. He moved into the hearts of a National Fan Club ... and no one really knows why or how it happened so quickly. Perry has become a national "Mr. Niceguy."

Fans can now join a club of "Fridge"

fanciers. For details, write William "Refrigerator" Perry Fan Club. Five dollars will bring a membership card, bumper sticker, autographed photo, a quarterly newsletter and a magnetized No. 72 for your

refrigerator. Ten dollars brings the same, plus a frameable membership certificate and a Chicago Bears Pennant. Write the club at Box CB 3061, Oakbrook, IL 60521 ... and travel with 2600 other members.

Chicagoland's largest Travel Show will open Friday, Jan. 24 at O'Hare Expo Center and run for ten days. Listed as the Sport-fishing, Travel and Outdoor Show, it presents by far the greatest number of displayers in related fields.

Three hundred and thirty-eight resorts,

lodges, fish camps and official tourism centers will be on hand to answer questions and help with arrangements and destinations for the coming seasons. Comparative shopping can be accomplished on one floor with 3,000 experts that staff the booths. A ten-day show allows time for decisions after collecting pertinent information.

Related vacation and recreation equipment, such as boats, motors, fishing tackle are also on display. Fishing tackle manufacturers, 238 in number, will be represented in tackle row along with the

multi-presentations of 21 fishing equipment retailers. It's an ideal opportunity for updating vacation supplies and also offers a casting pond for experimentation with professional instructors. One hour, free fishing clinics are held weekdays at 8 p.m., Saturday at 2 and 8 p.m., and Sunday at 2 p.m. They are conducted by pros like Winkelman, Linder, Petros, Hansen and more of the nation's best known sport-fishermen. Show opens at 2 p.m. weekdays, 9 a.m. Saturdays and 10 a.m. Sunday. Admission is \$5 for adults, children \$2, free if under five.

Offer Free Testing

The Lake County Dept. offers free hearing and vision testing for Lake County children ages 3 to 21.

Hearing and Vision testing will be held at the following location and time (a parent or guardian must accompany all children): Lake County Health Dept., 10th Clinic, 701 10th St., North Chicago, Thursday, Feb. 13,

9:11:30 a.m., no appointment is necessary.

Early identification of possible hearing and vision problems may prevent medical and/or learning disabilities. Children with possible hearing and vision problems will be referred to appropriate resources so that corrective measures may be prescribed.

Hearing and vision testing for persons under 21 years of age is also available by appointment at the Belvidere Medical Building, Waukegan, and at the Mid-

Lakes Medical Building, Round Lake Park.

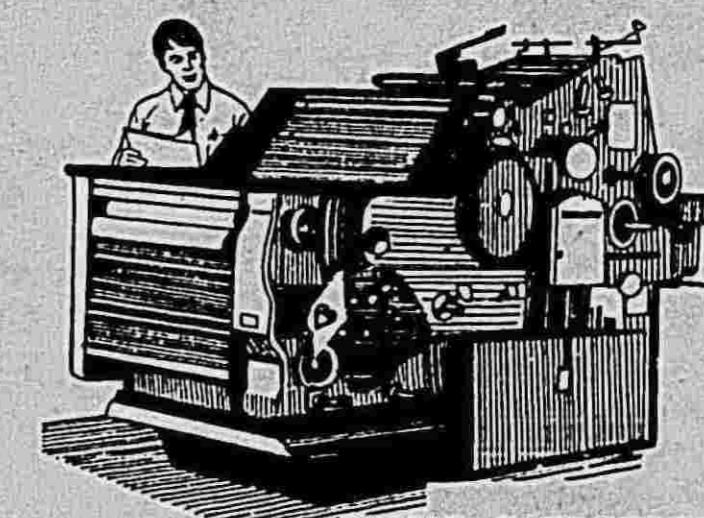

For additional information or an appointment, call the hearing and vision program, Lake County Health Dept., (312) 689-6713.

Legion Dinner

The American Legion Post 867 in Mundelein will hold a members' dinner on Saturday, Jan. 25. Cost of the dinner will be \$6.50 per person with dancing afterwards.

How can the Joneses afford a week on the Gulf Coast?

Sit down to a seafood dinner in any one of our waterfront restaurants and the couple next to you will probably be from Illinois. How can they afford it? Easy. Our hotel and motel rates are lower right now because it's off-season. So a lot of your Chicago neighbors are here enjoying the season we call winter — although you might call it spring. Our sun shines bright year round. So you can play golf on our 11 courses. Eat fresh seafood. Or stroll on the beach in just a jacket. Our free planner shows you just how little it costs. Send for yours today. Then just act smug when your neighbors ask how you can afford it.

Sequoits Lose, Win, Keep 2nd Place Tie

The Sequoit cagers have two big games this week including a contest with the Mundelein Mustangs at Antioch on Saturday, Jan. 25. The Mustangs are tied for fourth place with Libertyville in the North Suburban Conference.

Antioch retains second place in the North Suburban Conference, tied with Lake Forest, with a 6-3 conference record and a 9-7 overall status.

The Sequoits lost a big one on Jan. 17 when they just missed against the con-

ference leaders, Warren, losing 43-42.

Warren's offensive playing was tops as the Blue Devils did not allow one turnover in the entire game.

The first quarter was all Warren as the Blue Devils led at the end of the period 18-8 but the Sequoits kept chipping away until the score was tied 36-36 in the middle of the fourth quarter.

The Blue Devils went ahead by two hoops and Mike McGrain's good shot whittled the lead down to 40-

38. Then it was Warren for one and Antioch's Dave Grindley made it 41-40. With the Sequoits closing in, the Blue Devils took advantage of a foul and sank two free throws to ice the game.

Don Gunther led the Sequoit scoring with 18 and Matt Weber marked down 12.

Both teams shot almost evenly from the field, Warren getting 18 out of 40 and Antioch 18-43.

The Sequoits won a close one against the Stevenson Patriots on Jan. 18.

Rams Beat Skyhawks, To Face Tough Round Lake

by DAN G. O'SHEA

Defense was the name of the game as the Grayslake Rams broke a five-game losing streak at home against Johnsburg Jan. 17 in a Northwest Suburban Conference game.

According to Grayslake Head Coach Greg Groth, Kelly Bye, Bill Sangbusch and Andy Flood played good defensive games. Sangbusch had 10 rebounds for the Rams, 53-45 victors over the Skyhawks.

It was the first time the Rams' defense had held a conference foe under 60 points since Dec. 3 and the first time they have held any opponent under 50 points since Nov. 29.

The Rams will try to make it two in a row at Round Lake this Friday night. Groth

seems confident about Grayslake's ability going into this one. "I expect to win. I think we matched up well against them the last time we played them (A Nov. 30, 62-53 tournament loss at Round Lake).

The victory over Johnsburg brought Grayslake's conference record to 3-3. Trailing 17-15 in the second quarter, the Rams broke the game open, scoring 10 straight points for a 25-17 lead with 3:33 left in the first half.

They never lost the lead after that. Groth said the 10-point surge was the best basketball he has seen Grayslake play all year.

Guard Tom Castino led the Rams with 11 points and Daryl Mackenthun had 10, all but two in the second

period. Jeff West had only five points, all in the fourth quarter, but Groth said he was impressed with West's leadership on the court.

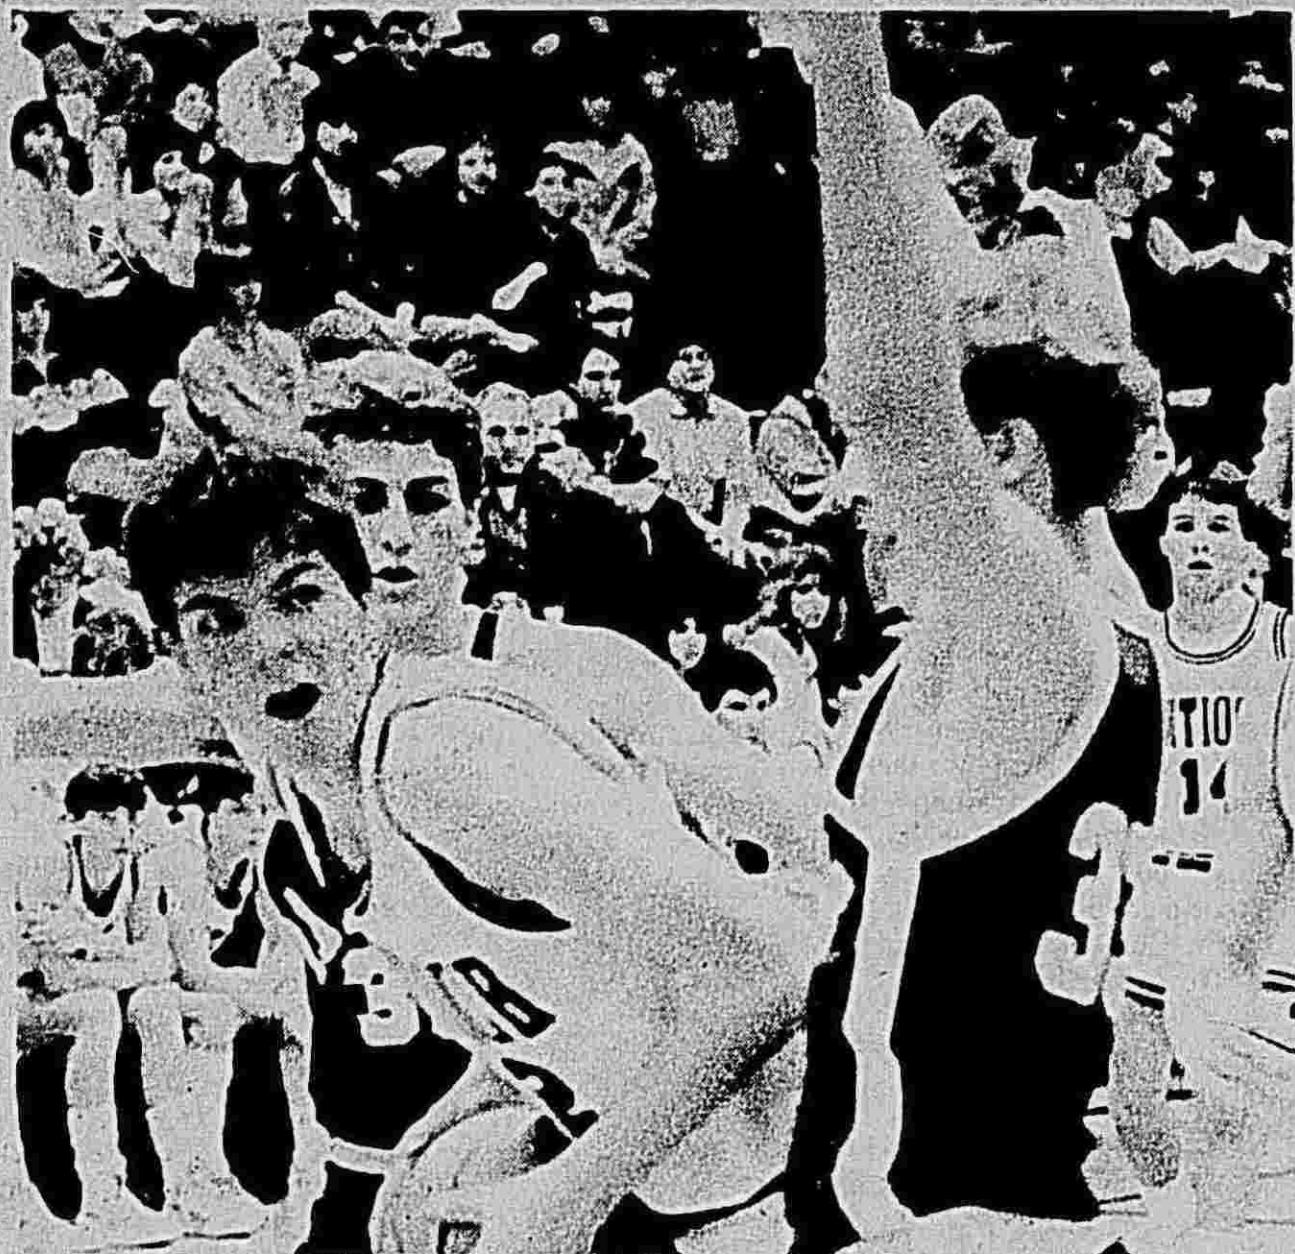

Groth said that a week of great practices helped quite a bit. He commented after the win, "I'm on cloud nine right now. We had great practices all week. We worked hard on rebounds and footwork, and experimented on defense. This week we practiced like we wanted to win, but there is still work ahead. That's what it's all about. If we work hard, we win games."

Grayslake has a 7-8 season record. Castino has 196 points on the year. Supporting him are West with 94, Bye with 86 and Mackenthun with 80 points.

Champs Dropped By Carmel On Way Home

After breaking even in four consecutive rugged road games, the Carmel Corsairs will be happy to be home Friday night, Jan. 24, against St. Viator. Game time is 7:30 p.m.

Carmel will be out to even the score with the invading Lions who have been attempting to shoulder their way into the upper echelon of the East Suburban Catholic Conference.

St. Viator bested the Corsairs in the second conference game this season with their customary rough and tumble style.

Highlight of last weekend for Coach Frank Belmont's squad was defeating the defending Class AA Illinois champions, Mt. Carmel of Chicago, in a non-conference game, which left Lake County's team with a 9-9 season record.

The Corsairs played four solid quarters and dropped Mt. Carmel 57-51 in one of their better efforts of the season.

Senior guard Rodney Lambright of North Chicago set Carmel's pace with a base liner and a 15-foot jumper to open the scoring. Waukegan's George France, senior forward, also had the range as each put in six points apiece in the first quarter which ended with an 18-16 Carmel lead on Rod Whittier's one-hander.

Burly Sam Smallwood's two free throws momentarily tied the score at 16-all, but that's the closest Mt. Carmel got all evening. Carmel led at halftime 31-27.

Carmel's lanky pivot, Rob Graham of Libertyville, opened the third quarter with a center court steal and a jam that sent the Gold and Brown winging to a 46-33 third quarter lead with the help of a reverse lay-up by

Graham and a turn around by Waukegan's Dan Halverson.

Coach Frank Belmont had Halverson, who normally plays backup, and Graham in the lineup at the same time in the third quarter and it seemed to work well.

A three-pointer by Scott Peterson, Lake Zurich senior forward, put the game out of reach in the fourth quarter as Carmel shot ahead 53-39.

Leading scorers for Carmel were Whittier, 16; Lambright, 13 and France, 12. Kevin Hopkins topped the Caravan with 16.

Carmel's sophs were untracked for the third consecutive loss 50-29.

The Corsairs played two good quarters against St. Joseph's in the second match of the season between the two teams, but the host team ran rampant in the second and fourth quarters and blasted Carmel 82-63.

With Carmel junior center Rob Graham battling on the inside, St. Joe needed a basket by Sterling Mahan with three seconds remaining to pull out a 17-15 first stanza lead.

Tony Freeman, the Chargers all-state candidate and potential prep all-American, led a blistering second quarter charge with steals and crisp passing that resulted in a 41-27 advantage at the intermission.

Another good Carmel quarter brought the third quarter score to 60-49, but the Corsairs couldn't maintain St. Joe's pace and the contest quickly turned into a rout.

Belmont called his star senior guard, Whittier, to the sidelines and begin inserting substitutes. In a somewhat unusual gesture, Freeman called time out and took himself out of the game with approximately three minutes remaining.

The fourth and final career match between two outstanding guards ended with Whittier edging Freeman 18-17 in scoring.

Mahan led all scorers with 23 points followed by Rodney Lambright, Carmel's hustling senior guard, with 21. Billy Standback, St. Joe guard, put in 14 points.

The Carmel sophs lost their second consecutive game to the rangy St. Joe underclassmen 58-30.

Dogs Face Bears

Waukegan's boys basketball team will be looking for its second win of the season when it faces Lake Zurich in a home battle Jan. 24.

The Bulldogs will be coming off a 61-54 loss to Grant Jan. 17.

Waukegan stayed with the bigger Bulldogs from Grant early, trailing 12-10 after one quarter.

But Grant then outscored Waukegan 22-11 in the

second quarter to open up a 30-18 halftime margin.

The second half was a bit more even for Waukegan, which lost the third quarter 18-15 and won the finale 21-13.

The loss dropped Waukegan to 1-13 overall.

Phil Elwell was the only Waukegan player to tally in double figures with 11 points.

Tom Barr scored 18 points while Ron Richford had 15 for Grant.

'Dogs Snare First 'W'

by STEVE PETERSON

"Victory there's nothing quite like it."

Especially if, like Wauconda's boys basketball team, you experienced 12 straight losses first.

"I was extremely pleased with the way the team played on defense," coach Chuck Neary said after his Bulldogs beat Cary-Grove 62-49 Jan. 14.

Unlike recent games, when the Bulldogs would play well for one half only to fall by the wayside later, the hosts came out ready for this second half. After trailing 29-28 at halftime, Wauconda outscored Cary 17-12 to take a four-point lead entering the fourth quarter.

"We came out and knew we had to play the third quarter intense," Neary said.

The victory gave the Bulldogs some sweet revenge for Wauconda, who lost by nine points to C-G earlier in the year.

"Eckmann (Kyle) and Thirtle (Mike) took turns guarding Lewis (Troy), the Trojans' 6-6 junior center and Nibbio (Paul) and Babiak (Bob) took turns on Thelander (Mike)," Neary said.

The strategy worked. Thelander, who scored 21 points the first time these two teams played, was held to 10 and Lewis, who scored 20, was held to 11.

Offensively, the Bulldogs enjoyed a balanced attack. Phil Elwell led the way with 24 points while Pat Shaller had 15 and Thirtle 11.

"We've got to have that

balanced scoring," Neary said.

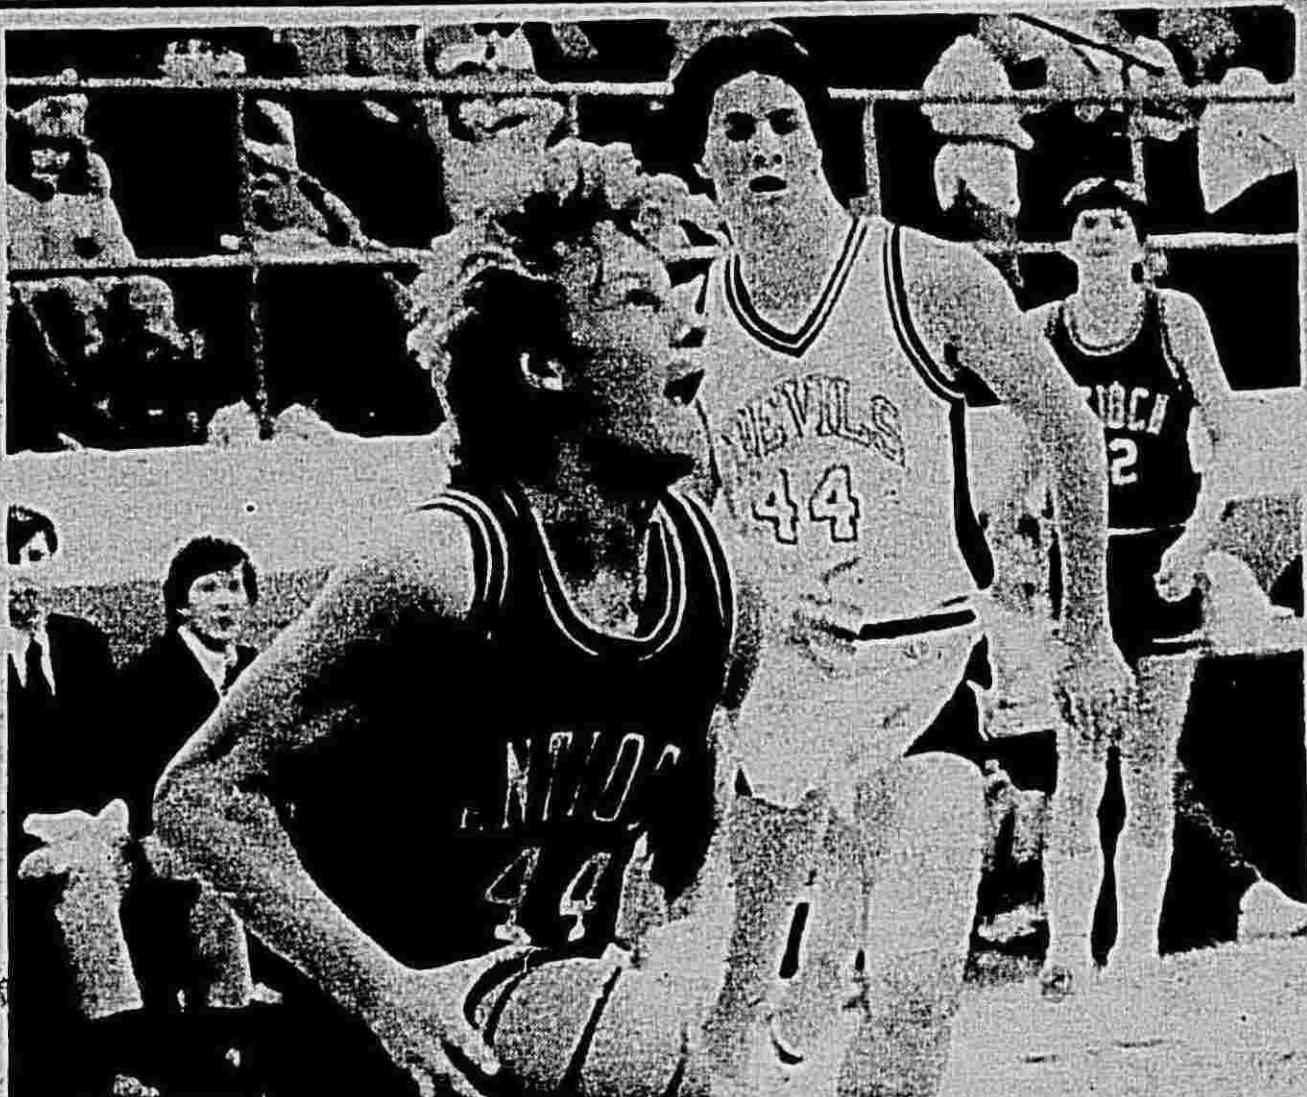

Clutch free throw shooting also played a big role in the Bulldogs' win. They made 16 of 21 for the game, including nine of 10 in the fourth quarter.

"We made the free throws when they counted," Neary said.

Wauconda came out in the second half dominating the third quarter. They built up two six-point leads, the second coming on a Nibbio hoop with 2:28 remaining.

That was Wauconda's last point for more than five minutes as the visitors rallied to tie the score at 45 with 6:36 left in the game.

Wauconda took over from there running off 12 straight points to secure its first win.

Going Up Strong

Grant Wins Bulldog Battle

The Grant Bulldogs beat Wauconda at home in the Jan. 17 "Battle of the Bulldogs", the team that next plays Grant, the Johnsburg Skyhawks, lost to the Grayslake Rams on the same day.

Grant outscored Wauconda 61-54 with Tom Barr scoring 18 points and Ron

Richford, scoring 15 points and collecting 14 rebounds. Grant Coach Tom Maple said that his offensive strategy was to work the ball inside to the 6-foot-5 Barr and the 6-1 Richford.

The Skyhawks helped the Grayslake Rams break a five game losing streak by losing 53-45. The Rams broke

loose against the visiting Skyhawks in the second period when they outscored them 22-1. Top scorers for the Skyhawks were Bill Dust with 16 points and Ron Szał with 13 points.

The Skyhawks will meet the Grant Bulldogs on Jan. 24 at 6 p.m.

Panthers Lose; Two Back

The Round Lake Panthers will try to bounce back from a disappointing loss at the hands of Marian Central when Grayslake comes to town Jan. 24.

The Panthers suffered their second Northwest Suburban Conference loss of the year last weekend to fall two games behind league-leading Marengo.

The Hurricanes defeated

Round Lake 46-43, even though the Panthers outscored them in the final period.

Marian Central built a 34-27 lead after three periods of play, which turned out to be too much for the Panthers to overcome.

Round Lake only had one player score in double figures during this low-scoring contest. Senior

Frank Ptak led them in scoring with 23 points, while the other two members of the Panthers' big three, Greg Kreitner and Doug Sparks, scored only six and nine points respectively.

The Panthers are 14-3 overall at press time, 5-2 in the Northwest Suburban Conference. They were scheduled to play McHenry in a non-conference battle Jan. 21.

Togs For The Well-Dressed Dog, Clothes Shopping For Fido

by CHARLENE WHITNEY

For the pet that has everything, there is formal wear and informal wear. It might not be so unusual to see a dog, especially a small dog with short hair, wearing a doggie sweater. Our old dog just can't stand the cold anymore and so she has not only one sweater, but two, in case she needs that double layer for the extra cold days. Trixie even has her own raincoat to help keep her dry. These clothing items are great for her comfort and her old bones.

Not only are there doggie sweaters and rain coats, but some people even buy the doggie boots to keep their pets' feet dry, warm and free of mud.

A sweatshirt for dogs is becoming a common sight. You can get shirts that say such things as "Play Ball," "Super Dog" and "I Hate Fleas," as well as many more choices.

People like T-shirts with animal designs. I've seen young and old alike walking the streets and shopping malls with shirts that have

pictures of their favorite breed of dog, cat, bird, horse, etc. At cat shows, you'll see more interest in cats, and at dog shows, naturally, there is more interest in the many different breeds of dogs. No matter how you see it, people are showing their love for animals of all types.

It's not just on Park Ave. that you will see Fido wearing fancy hair bows and rhinestone collars. I've seen

I personally like the cowboy outfit. My dog has one of these, but we use it only for performing purposes. She can wear the white hat with the sheriff's badge and be the good guy. There is also a blue denim hat with a bandana if she wants to play the part of a bad guy. The hat fits her great and she loves the game.

Now, I am sure that most of you are thinking that you

haven't seen such items and wonder where I got such ideas or maybe you are interested in the items for your dog, or as a gift for grandma's dog. I assure you that these things are in demand. They can be purchased through some pet stores. I got my western outfit from a catalog called Du-Say's, 215 Seventh St., Picayune, MS 39466. I just dropped them a note and asked for the catalog. It has almost everything you could imagine.

There is even a high chair for dogs, doggie beds and a

car chair for your dog so that he can see out the window as you are driving down the road. I got a puppy album from them two years ago. It is just like a babybook, but

for puppy. He can even have a blanket with his name on it.

For the dog that has everything, this is only the beginning.

Pet-Wise

a tuxedo sweater and bow tie collars, too.

When it is time for bed, doggie has his very own pajamas. If he is going to go jogging the following morning, he has a full sweat suit with hood, for boy or girl dogs.

Could it be that Fido is going to a football game, or basketball, baseball or even a soccer game? You can be sure that he will have his own cap for any of these games.

Pet Of The Week

Mary Raske of Round Lake and Peaches, her two-and-a-half-year-old Chihuahua mix sometimes play hide and seek. Peaches, however, only enjoys the seek part of the game, so Mary hides and Peaches seeks. The light brown Peaches has a favorite toy, a little Minnie Mouse character. Peaches waits for Mary to come home from work and brings Minnie to her as a sign that she wants to play. Mary says her pet is very sensitive to her emotions. Peaches likes to roll over, sit up, dance and play dead. She likes playing outdoors in warm weather, and get this--when Mary spells O-U-T-S-I-D-E, Peaches gets the idea and runs to the door. That's a smart pet! We'd like to introduce your pet to Lakeland Readers, too. Contact the editor of this newspaper for details.

Shimer To Hold Dinner In April

The fifth annual Shimer College Dinner and Auction will be held Saturday, April 19, at the Glen Flora Country Club in Waukegan.

This gourmet dinner and auction is attended by civic leaders, members of the business community and friends of the school who enjoy a fine meal, good company, and have the opportunity to bid on merchandise which has been donated for the purpose of raising money for the college.

Libertyville Resident Surrenders After Ordeal

By SUSAN MONTGOMERY

A 17-hour ordeal ended when a Libertyville man, who barricaded himself in the bedroom of his sister's Vernon Hills home, finally surrendered to police early Jan. 21.

Roy Tagge, 64, of 435 Newberry St., Libertyville, barricaded himself in the bedroom just after 2 p.m. on Jan. 20, according to Vernon Hills Police Chief David Schram. Tagge, who has a history of mental problems, apparently became agitated after his sister suggested taking him to the Veterans Administration Hospital in North Chicago, Schram said.

Schram said that Tagge's sister, Rosemary Tagge, of 1413 Clairmont Ct., Vernon Hills, contacted police at about 2:45 p.m. shortly after the incident occurred.

Police, who surrounded the house throughout the ordeal, tried to negotiate with Tagge to surrender himself. After three hours of negotiations failed, Schram said police tried to force entry into the bedroom at 5:30 p.m., but were held off by gunshots fired by Tagge.

"He fired about three shots using a .32-caliber pistol," Schram said.

Sponsor Drive

Victory Memorial Hospital and the Blumberg Jacob Memorial Blood Bank of The Lake County Medical Society Inc. will be holding a blood drive on Jan. 31.

Donors are welcome to drop by between 9 a.m. to 3:30 p.m. at Victory Hospital, 1324 N. Sheridan Rd., Waukegan. Ap-

pointments are not needed.

President Reagan, deeming blood donors "quiet heroes whose generosity preserves health and saves lives," declared January National Blood Donor Month.

Blumberg Blood Bank Coordinator Doris Richter said blood supplies

traditionally are low in January after holiday usage and because many people have colds and are unable to donate.

For more information about the Jan. 31 blood drive, call Victory Hospital at (312) 360-4236 or the Blumberg Blood Bank at (312) 662-1899.

Plan Class For Grandparents

Registration is now being accepted for the first Grandparents Class to be held at 7:30 p.m., Monday, Feb. 24, at Condell Memorial Hospital, a subsidiary of The Medical Center of Lake County, in Libertyville.

Held in the hospital's continuing education classroom, this new program will describe how and why many

things have changed from the days when grandparents were having babies. Grandparents will learn about the new modes of birth, including such natural childbirth and family participation classes as Lamaze and Gamper.

A review of the general care of the new baby and a film will be featured. Par-

ticipants will also learn diapering with cloth versus disposable diapers. The problem of giving advice to new parents will also be discussed.

To register for the Grandparents Class, contact the public relations/marketing dept. at (312) 362-2900, ext. 5275. There is no fee for the class.

Slate Smoking Program

"Fresh Start," the American Cancer Society Stop Smoking Program, will be offered at St. Therese Medical Center beginning Monday, Jan. 27 and continuing for three additional weeks.

The four, one-hour sessions with follow-up will take place in the education department at the center from 7:30 to 8:30 p.m. on four consecutive Mondays.

Presenting the sessions will be Ann Anderson, RN, BSN, instructor in the education department; and Charlie Burke, RRT, RN, director of cardiopulmonary services. There is no fee for the program and parking will also be provided free of charge.

Begin the new year with a fresh start. To register or for more information, call the education department at St.

Therese Medical Center between 7:30 a.m. and 4:30 p.m. at (312) 360-2702.

4.0 At CSU

During the fall semester, 527 Colorado State University undergraduates made a 4.0 (A) grade point average.

Susan Lynn Lambert, of 531 Lakewood Terr., Round Lake, was one of those students.

Brochures Explain Low-Interest Mortgage Program

Free brochures explaining a low-interest mortgage program for low to moderate income Illinoisans are available at Sen. Jack Schaffer's office, 56 N. Williams, Crystal Lake (815) 455-0309.

Announced Jan. 7, the Build Illinois Low-Interest Mortgage Phase II program

releases more than \$230 million for eligible, first-time home buyers. The 30-year, 9.8 percent, fixed-rate loans can be used to purchase an existing home or build a new one.

"Affordable mortgages for low to moderate income levels will help more people realize the dream of owning

a home," Sen. Schaffer said. "The available money is also an incentive to build new houses, which should invigorate construction and other related businesses."

Based on demand, loans will be awarded via a drawing. Eligible home buyers must register by Friday, Jan. 24 at a participating lender in the county in which the future home will be located.

Participating lenders in the 32nd Dist. include, by city: Libertyville-Allstate Enterprises Mortgage Corp., Libertyville Federal Savings and Loan Assn., Talman Home Federal Savings and Loan Assn. of Illinois; McHenry-McHenry Savings Bank; Waukegan-First Midwest Bank, North Shore Savings and Loan Assn., Waukegan Savings and Loan Assn.; and Gurnee-The Lomas and Nettleton Co.

Name Schaffer 'Friend'

Sen. Jack Schaffer (R-32) has been named a "Friend of Agriculture" by the Illinois Farm Bureau (IFB) for his 1985 voting record on farm-related legislation.

Schaffer was honored by Activator, the IFB's political involvement committee.

"Agriculture is an important factor in the economy of Illinois. Its financial well-being is vital to the success of many other businesses, especially in smaller communities," the 32nd Dist. Senator said.

The Farm Bureau scored legislators' votes on 15 bills that affect agriculture directly or indirectly, including legislation dealing

with farm credit, taxation and regional interstate banking.

"The bills targeted by the Farm Bureau are not limited to agriculture. They can impact other types of business as well," Schaffer said.

To be eligible for the honor, legislators must have voted with the Farm Bureau's position at least 60 percent of the time. They must also be seeking reelection.

The designation had to be approved by two-thirds of the Activator Trustees who represent farm bureau members in the counties of each legislative district.

Reports Success

Lake County Associate Judge Emilio Santi recently addressed participants at the Lake County Juvenile Officer Assn.'s annual training seminar and reported the results of a seven-year study which proves the effectiveness of one of the Judge's favorite programs for delinquent youth.

The results of the study show that the Lake County Dept. of Court Services Program for juvenile offenders S.T.A.Y. (Short Term Alternative for Youth) has beaten the National success rate of 25 percent for like programs by posting a 61 percent success rate in dealing with delinquents placed in the program since its onset in 1978.

While praising the program for its success with many serious delinquents, Judge Santi added that the Juvenile Court must balance the needs of youths with the necessity of protecting the community. The S.T.A.Y. Program helps to meet that obligation by working with delinquents and their families in a secure setting at the Hulse Juvenile Complex.

The S.T.A.Y. Program originally was the brainchild of now Circuit Court Judge Bernard E. Drew and Director of Court Services George M. Gallagher. The Program has previously won an award for the National Assn. of Counties for excellence and innovativeness.

Offer Session

To help instruct children how to cope with being home alone and to help parents develop guidelines for the children, Victory Health Outreach Center and Wildwood Park Dist. will offer a free "After School In Charge" session for children ages 8 to 10 (but not limited to) who spend time alone at home.

It will be held Feb. 1, from 10-11 a.m., at the Wildwood Park Dist. office, 605 Sunset Ave., Wildwood.

"Although it is not an ideal situation to leave children home on their own it has almost become a necessity for many families. We will help to develop an agreement between the parents and child on security, fires and phone calls and activities done until their parents return home," said Judy Gentry, RN., Victory Health Outreach Center's assistant director, who has implemented this program.

"After School In Charge" will be taught by Kathy Stewart. Ms. Stewart has worked with Victory Health Outreach Center since this program began last year.

She also teaches Red Cross classes for children and is a children's fitness instructor with Feelin' Fit, Inc. in Lindenhurst.

For more information, call Victory Health Outreach Center at (312) 356-5900.

Hackbarth Gets Term

Alfred E. Hackbarth, tax partner for Arthur Andersen & Company, has been named to a new one-year term as a trustee of the Allendale Assn. This announcement was made by

Bernard B. Rinella, chairman of Allendale's board.

Allendale is a residential, therapeutic, educational treatment center which has provided a "school-home type learning environment" for emotionally troubled youth since 1897.

The school is unique in that it is both an Illinois State Board of Education approved private school and also an Illinois licensed child welfare agency.

Lake County Board Approves 2 New Taxes

The Lake County Board approved two new taxes and a proposal to increase liquor license fees in some categories at its Jan. 14 meeting.

A new sales tax and a new motel-hotel tax were both heavily passed by the board.

The new, county-wide $\frac{1}{4}$ sales tax was approved by a 15-7 vote. It will take effect July 1 on all retail sales except food and drugs, and will increase the total sales tax to 6.5 percent.

The tax amounts to 25 cents for each \$100 in purchases and is expected to bring in approximately \$6 million annually to help defray the costs of county services.

Lake County Board Chairman James LaBelle said the county hopes to use this sales tax as a way to

reduce the amount of property tax that would otherwise have to be levied.

The new four-percent motel-hotel tax was approved by an 18-2 vote. The board gave its approval for a new tax on motel and hotel rooms in the unincorporated areas (but not in municipalities, although that is allowed by law), which will begin March 1.

The tax will be tacked onto rentals of 350 rooms in 17 motel/hotels and is expected to bring in \$78,000 annually. The new liquor license fees were approved by a unanimous voice vote and will take effect July 1.

The initial fee for a Class A license (full service liquor establishments) will go up \$500 to \$2,500. Renewals will increase from \$750 to \$800 July 1 and to \$850 in 1987.

Class C licenses (package liquor stores) will also increase to \$2,500 for the initial fee, with renewals going up \$200 to \$1,300 July 1 and \$1,500 in 1987.

Plan Meeting

The Libertyville-Mundelein Chapter 2255 of the American Association of Retired Person will meet at 1:30 p.m. on Wednesday, Jan. 22, in the Fellowship Hall of the United Methodist Church of Libertyville, 429 Brainerd.

Mike Dolan and Gertrude Miller of the Libertyville Fire Dept. will discuss "The Trauma of Fires and Burns" with suggestions for fire safety. Any member of the AARP is welcome.

Q.—My doctor prescribed a medicine for me which I buy "off the shelf" at the drug store. Can I deduct this as a medical expense?

A.—Probably not. The only medications that are deductible are those which are prescribed in writing by a doctor. However, insulin and diabetic supplies are allowable as medical deductions without a written prescription.

Q.—This past year, my wife's grandmother died and named my wife in her will. In addition to certain property that she received, my wife

was named the beneficiary of a trust that pays her money periodically. Will any part of this be taxable to my wife?

A.—The money, and/or property, that your wife received as a distribution of your

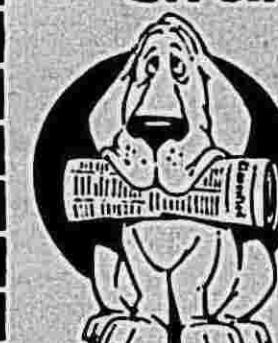

wife's grandmother's estate will not be taxable in any respect. The income that your wife is receiving from the trust will be, though. She should receive a Schedule K-1, Form 1041, which will detail the income that she will need to include on her tax return.

Housing, Businesses Round Out Village's Growth

By SUSAN MONTGOMERY

As onlookers watched with pride, members of the VFW Post 7191 in Mundelein hoisted an American flag up a newly-dedicated flagpole at the site of the former Soo Line Railroad depot, a landmark that eventually will house a historical museum.

The event, which took place earlier this fall, recognized the village's commitment to its heritage and civic interests. Yet, with the same pioneering spirit in which the village was founded, Mundelein is moving forward and is currently in the midst of rapid growth and change.

Looking towards the future, village officials saw the potential for growth many years ago, and have since capitalized on the strengths Mundelein offers, bringing in a number of commercial developments and light-type industries.

Within the past year alone, two multi-million dollar firms, Medline Industries and Bio-Logic Systems, received the go-ahead to move their corporate offices to Mundelein.

Community Profile

The development of a major retail area along with southern corridor of the village will serve as a drawing point for shoppers from a number of surrounding suburbs.

But while the wide open spaces in some parts of Mundelein and outlying areas still

serve as a selling point for industries eyeing the area, village officials are careful to monitor the type of industry moving in, and have promoted light or "clean" industries interested in settling in Mundelein.

"Clean industry tends to be more permanent," said Mundelein Mayor Colin McRae. "You don't make money off of them, but on a long-term basis, they create more jobs and add stability to the community."

The creation of additional jobs has been a positive effect of the effort to bring more business into the village.

"When firms look at areas to build, one of the things they want is to draw upon a large enough work force with a variety of skills," McRae said. "Mundelein, like Libertyville and Vernon Hills, is in the center of the country."

"Demographically, it's tremendous. We're in close proximity to other bedroom communities for corporate executives to commute, but also have a large pool of residents for secretarial positions and various skilled jobs," he said.

To balance out the commercial and economic expansion with available housing, the village has seen an increase in residential developments, such as the Tullamore and Cambridge West subdivisions, over the past several years.

"Businesses didn't move here first. The housing stock had to be available," McRae said. "Rarely do you see a business move out in the middle of nowhere."

"Once you're in an existing ongoing situation, they complement each other. A community must have a reasonable housing stock," he added. "Here, you can have any type you dream of."

In addition to the housing Mundelein offers, its central location in the county stands not only as a drawing point for industries, but for residents who commute to jobs in other parts of the county, he said.

Location was one of the deciding reasons in Chris and Cathy Case's move to Mundelein. Chris, who works for Dresser Industries in Libertyville, received about six weeks notice last spring that he and other engineers at the firm's Toledo, Ohio, offices would be transferred to the Chicago area.

"It was either go, or not have a job," Cathy said.

Before scouting around the area to find housing, Cathy said the two "did their homework" to find out about the educational system for their pre-school age children, as well as learning about other services the surrounding communities had to offer.

"We knew that the cost of real estate would be a shock compared to Toledo," she said. "What I liked was that we had a variety of price ranges to choose from."

Another consideration in looking at homes, she said, was the stability of the neighborhoods. Areas with a high turnover rate were out, she said.

"We were looking for a neighborhood where residents didn't move in and out so

quickly. I guess it's more the small town atmosphere we had in Toledo versus the big city attitudes," she said.

Talking to local real estate firms that provided special assistance to transferees helped in locating the community with the services and housing they wanted. Susanne Meseke, a sales associate with Rayner Inc. in Libertyville, aided the Cases in their search.

"About 95 percent of my work is with transferees," Meseke said. "People who are relocating are under more time frame pressure and usually get only two or three trips in here. The first is the initial visit, the second for hunting and lastly, to buy."

Added factors that have appealed to her customers are Mundelein's two lakes, Loch Lomond and Diamond Lake. For others, the educational system is carefully weighed. Carmel High School, a top-ranking parochial school draws students from a wide area throughout Lake County.

"We have one of the best Catholic high schools in the country here," she said.

"Another thing about Mundelein is that it offers a wide range in terms of houses, in both living space and price," Meseke said. "You can find a well-built home in the mid-'60s or go just outside Mundelein and build a big, brand new, something wonderful."

A 12-year resident of Mundelein, Meseke said the appeal of country living is also given consideration by home buyers.

MDs Elect Goldstein

The Lake County Medical Society recently elected Homer E. Goldstein, M.D., an ophthalmologist practicing in Libertyville, to serve as president for 1986. Dr. Goldstein's election was announced at the society's annual meeting on Dec. 14.

The Medical Society, first established in 1855, is the not-for-profit professional association for physicians who practice or reside in Lake County. Headquartered in Libertyville, the society sponsors monthly educational meetings for its members and offers a physician referral service for members of the community seeking new physicians.

LEGAL CORNER

Brought To You Every Week By Attorney

DON DEUSTER

What must an individual do to conduct business under an assumed trade name?

To legally do business under any name other than his own the owner must file a certificate with the County Clerk and publish notice in a local newspaper for 3 weeks.

Can you prove the act of a person with evidence of his habit?

Yes, evidence of a person's routine habit or practice is admissible to prove his conduct on a particular occasion.

Are you guilty of possessing narcotics or alcohol if it is found in your auto?

Yes, you have "constructive possession" of all items located in an area under your immediate and exclusive control.

For legal advice or assistance, consult
